Unaudited Semi-Annual Report - 30 June 2019

JPMorgan Investment Funds

SICAV Range

This report is an abridged version of the unaudited semi-annual report established in conformity with the Luxembourg Law of 17 December 2010 on Undertakings for Collective Investment. The complete version is available on request from the Company's registered office in Luxembourg and from JPMorgan Funds (Asia) Limited.

This report does not constitute an offer of shares. Subscriptions are only valid if made on the basis of the current Hong Kong Offering Document which is available free of charge on request, supplemented by the most recent audited annual report of the Fund and any subsequent unaudited semi-annual report, from JPMorgan Funds (Asia) Limited.

Certain of the sub-funds of the Fund are not authorised for offer or distribution in or from Hong Kong. Accordingly, no reference is made to these sub-funds in this unaudited semi-annual report. The attention of the investors is drawn to the fact that certain figures in this unaudited semi-annual report are expressed on a consolidated basis and, thus, include the assets of those sub-funds which are not registered in Hong Kong.

Unaudited Semi-Annual Report

10. Historical Statement of Changes in the Number of Shares

As at 30 June 2019

^{*} Share Class inactive as at end of the period.

The accompanying notes form an integral part of these Financial Statements.

Notes to the Unaudited Financial Statements

As at 30 June 2019

1. Organisation

JPMorgan Investment Funds (the "Fund" or the "SICAV") is an investment company incorporated on 22 December 1994 under the name J.P. Morgan Investment Funds. The name of the SICAV was changed to JPMorgan Fleming Investment Funds on 19 November 2001 and then to JPMorgan Investment Funds on 12 September 2005.

It is organised under Part I of the Luxembourg Law of 17 December 2010 on Undertakings for Collective Investment, as amended, as a Société Anonyme qualifying as a Société d'Investissement à Capital Variable (SICAV). As at 30 June 2019, it comprises 16 Sub-Funds each relating to a separate investment portfolio consisting of securities, cash and other instruments.

On 12 September 2005, JPMorgan Asset Management (Europe) S.à r.l. was appointed by the SICAV to act as Management Company. From 1 July 2011, JPMorgan Asset Management (Europe) S.à r.l. is acting as a Chapter 15 Management Company under the Luxembourg Law of 17 December 2010, as amended. and compiles with UCITS regulations.

The SICAV is registered with the Registre de Commerce et des Sociétés of Luxembourg, under number B 49 663.

Each Sub-Fund may contain A, C, D, F, I, I2, P, T, V and X Share Classes. These Share Classes may differ in the minimum subscription amount, minimum holding amount, currency and/or eligibility requirements, the fees and expenses, and the dividend policy applicable to them. Certain Share Classes may charge a Performance Fee and are redenominated by the inclusion of "(perf)" in the name of the Share Class.

Within each Sub-Fund, individual Share Classes may have a currency of denomination that differs from the currency of denomination of the Sub-Fund. The currency of denomination for each Share Class is indicated by a suffix in the name of the Share Class.

2. Significant Accounting Policies

The Financial Statements are prepared in accordance with Luxembourg regulations relating to Undertakings for Collective Investments.

a) Investment Valuation

Transferable securities which are admitted to an official exchange listing or dealt in on another regulated market are valued on the basis of the latest available price prevailing at the time of calculating the net asset value.

If securities are listed or dealt in on several exchanges or markets, the latest available price, or if appropriate, the average price on the principal exchange or market will be applied.

Transferable securities not admitted to an official exchange listing nor dealt in on another regulated market are valued at the latest available price. Those securities for which no price is available or for which the latest available price is not representative are valued on the basis of their reasonably foreseeable sales price determined with prudence and in good faith by the Board of Directors.

Shares or Units in UCITS or other UCIs are valued at the latest available price or net asset value, as reported or provided by such undertakings or their agents.

Liquid assets and money market instruments may be valued at nominal values plus any accrued interest or on an amortised cost basis.

The Financial Statements are presented on the basis of the net asset values of the Sub-Funds calculated on 28 June 2019. In accordance with the Prospectus, the net asset values were calculated using the latest exchange rates known at the time of calculation.

b) Swing Pricing Adjustment

To protect the interests of Shareholders, a Sub-Fund's NAV may be adjusted to compensate for dilutions that can arise in connection with large flows of cash into or out of a Sub-Fund.

These adjustments are normally applied on any Valuation Day when the total volume of trading in a Sub-Fund's Shares (meaning both purchases and redemptions) exceeds a certain threshold. The adjustments will seek to reflect the anticipated prices at which the Sub-Fund will be buying and selling assets, as well as estimated transaction costs. The NAV will be adjusted upward when there are large cash inflows into the Sub-Fund and downward when there are large outflows. For any given Valuation Day, the adjustment will never be larger than 2% of what the NAV would otherwise be. The swing factors typically include the estimated dealing costs, stamp duty and other taxes and market bid/offer spreads. The price adjustment applicable to a specific Sub-Fund is available on request from the Management Company at its registered office.

The Management Company makes, and periodically reviews, the operational decisions about swing pricing, including the thresholds that trigger it, the extent of the adjustment in each case, and which Sub-Funds will and will not be subject to swing pricing at any given time.

The official Net Asset Value per Share as at period end, disclosed in the Statistical Information section of this report may therefore include a swing pricing adjustment, which would not be recognised in the Combined Statement of Net Assets and in the Combined Statement of Operations and Changes in Net

During the period, the swing pricing mechanism was applied across all Sub-Funds.

As at period end, a swing pricing adjustment has been applied to JPMorgan Investment Funds - Europe Select Equity Fund.

Similarly, in order to protect the interests of Shareholders in a Sub-Fund that is being merged, the Management Company may adjust the final Net Asset Value per Share of the merging Sub-Fund, or make other appropriate adjustments in order to neutralise for the Sub-Fund being merged, the impact of any pricing adjustment made through the swing pricing mechanism in the absorbing Sub-Fund as a result of cash inflows or outflows in the absorbing Sub-Fund on the merger date.

The Management Company may consider it appropriate not to apply the swing pricing adjustment to the Net Asset Value per Share of a Sub-Fund where it is seeking to attract inflows so that the Sub-Fund reaches a certain size. If a decision is taken in relation to a Sub-Fund the Management Company will pay the dealing and other costs resulting from securities trades to avoid the Sub-Fund suffering dilution of the net asset value. Where this happens shareholders will subscribe or redeem at a net asset value that will not have been adjusted upwards as would have been the case if the swing pricing mechanism had been applied

As at period end, no Sub-Fund was scoped in the swing waiver mechanism.

c) Realised and Unrealised Gains and Losses on Investments

Investment transactions are accounted for on the trade date (the date the order to buy or sell is executed). For trades into other collective investment schemes, transactions are accounted for on receipt of the trade confirmation from the underlying transfer agents.

Realised gains and losses on sales of investments are calculated on the average book cost. The associated foreign exchange movement between the date of purchase and date of sale of investments is included in realised gains and losses on investments. Unrealised gains and losses on holdings of investments are calculated on the total book cost and include the associated unrealised gains and losses on foreign exchange.

Notes to the Unaudited Financial Statements (continued)

As at 30 June 2019

d) Income Recognition

Interest income is accrued daily and includes the amortisation of premiums and accretion of discounts, where applicable. Bank interest income is recognised on an accrual basis. Dividend income is accrued on the ex-dividend date. This income is shown net of any withholding taxes and adjusted accordingly when tax reclaims apply.

e) Conversion of Foreign Currencies

The books and records of each Sub-Fund are denominated in the base currency of the corresponding Sub-Fund. Amounts denominated in other currencies are translated into the base currency on the following basis: (i) investment valuations and other assets and liabilities initially expressed in other currencies are converted each business day into the base currency using currency exchange rates prevailing on each such business day; (ii) purchases and sales of foreign investments, income and expenses are converted into the base currency using currency exchange rates prevailing on the respective dates of such transactions.

Net realised and unrealised gains or losses on foreign exchange transactions represent: (i) foreign exchange gains and losses from the sale and holding of foreign currencies and foreign cash equivalents; (ii) gains and losses between trade date and settlement date on securities transactions and forward currency exchange contracts; and (iii) gains and losses arising from the difference between amounts of dividends and interest recorded and the amounts actually received. The resulting gains and losses on translation are included in "Net Realised Gain/(Loss) on Foreign Exchange" in the Combined Statement of Operations and Changes in Net Assets.

The reference currency of the SICAV as reflected in the combined statements is USD.

The principal exchange rates applied for the period ended 30 June 2019 are the latest exchange rates known at the time of the NAV calculation:

1 USD =	1.42608608 AUD;	1 USD =	0.87849534 EUR;	1 USD =	8.53645000 NOK;
1 USD =	1.30961000 CAD;	1 USD =	0.78659641 GBP;	1 USD =	1.48975804 NZD;
1 USD =	0.97619000 CHF;	1 USD =	7.80782000 HKD;	1 USD =	3.73120000 PLN;
1 USD =	6.87080000 CNH;	1 USD =	283.84000000 HUF;	1 USD =	9.28373000 SEK;
1 USD =	22.34500000 CZK;	1 USD =	107.75000000 JPY;	1 USD =	1.35320000 SGD.

f) Forward Currency Exchange Contracts

Unrealised gains or losses on outstanding forward currency exchange contracts are valued on the basis of currency exchange rates prevailing at the relevant valuation date. The changes in such amounts are included in the Combined Statement of Operations and Changes in Net Assets under "Net Change in Unrealised Gain/(Loss) on Forward Currency Exchange Contracts". When a contract is closed, the Realised Gain/(Loss) is recorded under "Net Realised Gain/(Loss) on Forward Currency Exchange Contracts" in the Combined Statement of Operations and Changes in Net Assets. Unrealised gains or losses are recorded under "Net Unrealised Gain/(Loss) on Forward Currency Exchange Contracts" in the Combined Statement of Net Assets.

g) Financial Futures Contracts on Securities and Indices

Regulated financial futures contracts are valued at the exchange quoted settlement price. Initial margin deposits are made upon entering into the contracts and can be either in cash or securities. During the period the contracts are open, changes in the value of the contracts are recognised as unrealised gains and losses by "marking-to-market" on a daily basis to reflect the market value of the contracts at the end of each business day's trading. Variation margin payments are made or received, depending upon whether losses or gains are incurred. The frequency of those margin payments may differ depending on where the contract is traded. When a contract is closed, the SICAV records a realised gain or loss equal to the difference between the proceeds from, or cost of, the closing transaction and the initial cost of the contract in "Net Realised Gain/(Loss) on Financial Futures Contracts" in the Combined Statement of Operations and Changes in Net Assets.

Unrealised gains or losses are recorded under "Net Unrealised Gain/(Loss) on Financial Futures Contracts" in the Combined Statement of Net Assets. The changes in such amounts are recorded under "Net Change in Unrealised Gain/(Loss) on Financial Futures Contracts" in the Combined Statement of Operations and Changes in Net Assets.

h) Option Contracts

The SICAV writes options on securities, futures and currencies. These options are settled in cash and subject the SICAV to unlimited risk of loss. The SICAV, however, is not subject to credit risk on written options as the counterparty has already performed its obligation by paying the premium at the inception of the contract.

Options purchased are recorded as investments; options written or sold are recorded as liabilities. When the exercise of an option results in a cash settlement, the difference between the premium and the settlement proceeds is accounted for as a realised gain or loss. When securities are acquired or delivered upon exercise of an option, the acquisition cost or sale proceeds are adjusted by the amount of the premium. When an option is closed, the difference between the premium and the cost to close the position is accounted for as a realised gain for options written or as a realised loss for options purchased.

For options on futures, where the investment manager is based in the United Kingdom, variation margin payments are made or received daily, depending upon whether losses or gains are incurred on the underlying futures contract.

The market values are recorded under "Other Derivative Instruments at Market Value" in the Combined Statement of Net Assets. The changes in unrealised gains or losses are recorded under "Net Change in Unrealised Gain/(Loss) on Other Derivative Instruments" in the Combined Statement of Operations and Changes in Net Assets. When a contract is closed, the Realised Gain/(Loss) is recorded under "Net Realised Gain/(Loss) on Other Derivative Instruments" in the Combined Statement of Operations and Changes in Net Assets.

i) To Be Announced Securities ("TBA")

TBAs are related to mortgage backed securities issued by government sponsored agencies. These agencies usually pool mortgage loans and sell interests in the pools created. TBAs relate to future pools of these agencies that are bought and sold for future settlement for which either the interest rate or the maturity date is not yet fixed. TBAs are separately disclosed in the Schedule of Investments.

Certain Sub-Funds may enter into Dollar Rolls, principally using TBAs, in which the Sub-Funds sell mortgage-backed securities for delivery in the current month and simultaneously contract to repurchase similar, but not identical, securities at an agreed-upon price on a fixed date. The Sub-Funds account for such Dollar Rolls as purchases and sales and receive compensation as consideration for entering into the commitment to repurchase. The Sub-Funds must maintain liquid securities having a value not less than the repurchase price (including accrued interest) for such Dollar Rolls. The market value of the securities that the Sub-Funds are required to purchase may decline below the agreed upon repurchase price of those securities.

Notes to the Unaudited Financial Statements (continued)

As at 30 June 2019

The Sub-Funds had TBA Dollar Rolls outstanding as at 30 June 2019, which are included in "Investment in TBAs at Market Value" and "Amounts payable on purchase of TBAs" in the Combined Statement of Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets under "Net Change in Unrealised Gain/(Loss) on TBAs". When a contract is closed, the realised gains or losses are recorded under "Net Realised Gain/(Loss) on TBAs" in the Combined Statement of Operations and Changes in Net Assets.

i) Interest Rate Swap Contracts

An interest rate swap contract is a bilateral agreement in which each of the parties agree to exchange a series of interest payments for another series of interest payments (usually fixed/floating) based on a notional amount that serves as a computation basis and that is usually not exchanged.

The market values are recorded under "Other Derivative Instruments at Market Value" in the Combined Statement of Net Assets. The interest on interest rate swap contracts are recorded under "Interest on Swap Transactions" in the Combined Statement of Operations and Changes in Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets under "Net Change in Unrealised Gain/(Loss) on Other Derivative Instruments". When a contract is closed, the realised gains or losses are recorded under "Net Realised Gain/(Loss) on Other Derivative Instruments" in the Combined Statement of Operations and Changes in Net Assets.

k) Credit Default Swaps

A Credit Default Swap is a credit derivative transaction in which two parties enter into an agreement, whereby one party pays the other a fixed periodic coupon for the specified life of the agreement. The other party makes no payments unless a credit event, relating to a predetermined reference asset, occurs. If such an event occurs, the party will then make a payment to the first party, and the swap will terminate. The value of the underlying securities shall be taken into account for the calculation of the investment restrictions applicable to individual issuers.

The market values are recorded under "Other Derivative Instruments at Market Value" in the Combined Statement of Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets under "Net Change in Unrealised Gain/(Loss) on Other Derivative Instruments". When a contract is closed, the realised gains or losses are recorded under "Net Realised Gain/(Loss) on Other Derivative Instruments" in the Combined Statement of Operations and Changes in Net Assets.

3. Fees and Expenses

a) Charging Structures and Capped Expense Ratio

Unless stated otherwise in the Sub-Fund specific details, X Share Classes are designed to accommodate an alternative charging structure whereby a fee for the management of the Sub-Fund is administratively levied and collected by the Management Company or through the relevant JPMorgan Chase and Co. entity directly from the Shareholder. The Management and Advisory Fee for X Share Classes is therefore listed as "Nil" in the Fees and Expenses tables in the Prospectus.

Any exceptions to the charging structures detailed above are noted in the Prospectus.

The maximum total fees and expenses to be borne by shareholders on the Share Class of any Sub-Fund will not exceed a capped percentage of the total net assets attributable to that Share Class. These capped fees and expenses comprise Management and Advisory Fees, Distribution Fees and other Operating and Administrative Expenses: it does not cover performance fees, if any.

No other costs are charged to these Share Classes and the Management Company absorbs any difference that may arise between the actual costs of the operations of these Share Classes and the capped percentage.

This capped annual rate of fees and expenses is categorised as a Capped Expense Ratio as shown in the Appendix.

b) Management and Advisory Fees

The SICAV pays to the Management Company a management fee calculated as a percentage of the average daily net assets of each Sub-Fund or Share Class under its management ("Management and Advisory Fees"). The Management and Advisory Fees are accrued daily and payable monthly in arrears at a maximum rate as specified in the Prospectus. The Management Company may at its aboute discretion and from time to time (which in certain circumstances may be daily), decide to vary such rate between the maximum and 0.0%.

The maximum Management and Advisory Fee that can be charged on P Share Classes is stated in the Prospectus. However, the actual Management and Advisory Fee charged may be lower as J.P. Morgan International Bank Limited will also charge and collect a separate and additional fee from their clients.

Charges for the management of the Sub-Funds in respect of the X Share Classes of the Sub-Funds are administratively levied and collected by the Management Company or the appropriate JPMorgan Chase & Co. entity directly from the Shareholder.

Sub-Funds may invest in UCITS, other UCIs and closed ended investment undertakings qualifying as transferable securities within the meaning of UCITS rules (including investment trusts) (the "Undertakings") managed by the Management Company, the Investment Managers or any other member of JPMorgan Chase & Co. In accordance with the Prospectus, no double charging of fees will occur with the exception of performance fees. The avoidance of a double-charge of the Management and Advisory Fee on such assets is achieved by either a) excluding the assets from the net assets on which the Management and Advisory Fee are calculated; or b) investing in Undertakings via share classes that do not accrue a Management and Advisory Fee or other equivalent fees payable to the relevant Investment Manager's group; or c) the Management and Advisory Fee being netted off by a rebate to the SICAV or Sub-Fund of the Management and Advisory Fee of the SICAV or Sub-Fund as per the Prospectus and the Management and Advisory Fee (or equivalent) charged to the Undertakings; or d) charging only the difference between the Management and Advisory Fee of the SICAV or Sub-Fund as per the Prospectus and the Management and Advisory Fee (or equivalent) charged to the Undertakings or (e) if the underlying Undertakings combine management and other fees and charges into a single total expense ratio, such as in exchange traded funds, the whole total expense ratio being waived.

Where a Sub-Fund invests in Undertakings managed by investment managers which are not members of JPMorgan Chase & Co. group, the Management and Advisory Fee, as specified in the Prospectus, may be charged regardless of any fees reflected in the price of the shares or units of the Undertakings.

c) Operating and Administrative Expenses

The SICAV bears all its ordinary operating and administrative expenses at the rates set out in the Prospectus ("Operating and Administrative Expenses") to meet all fixed and variable costs, charges, fees, and other expenses incurred in the operation and administration of the SICAV from time to time. The Operating and Administrative Expenses are capped for each Share Class at the maximum rate set out in the Prospectus. The Management Company will bear any Operating and Administrative Expenses which exceed the maximum rate specified in the Prospectus. At its discretion, the Management Company may on a temporary basis meet the Direct and/or Indirect Fund Expenses on a Sub-Fund's behalf and/or waive all or part of the Fund Servicing Fee.

The Operating and Administrative Expenses are calculated as a percentage of the average daily net assets of each Sub-Fund or Share Class. They are accrued daily and payable monthly in arrears and will not exceed the maximum rate as specified in the relevant section of the Prospectus.

Notes to the Unaudited Financial Statements (continued)

As at 30 June 2019

The Operating and Administrative Expenses cover:

(i) A "Fund Servicing Fee" paid to the Management Company for the services that the Management Company provides to the SICAV. The Fund Servicing Fee will be reviewed annually and will not exceed 0.15% per annum.

(ii) Expenses directly contracted by the SICAV ("Direct Fund Expenses") and expenses directly contracted by the Management Company on behalf of the SICAV ("Indirect Fund Expenses") as detailed in the Prospectus.

Operating and Administrative Expenses do not include Transaction Fees and Extraordinary Expenses.

The SICAV's formation expenses and the expenses relating to the creation of new Sub-Funds may be capitalised and amortised over a period not exceeding five years, as permitted by Luxembourg law.

d) Performance Fees

Pursuant to the Investment Management Agreement, as set out in the Prospectus, the Investment Manager is entitled to receive from the net assets of certain Sub-Funds or Share Classes, an annual performance-based incentive fee (the "Performance Fee") if the performance of the Sub-Fund exceeds the return from the benchmark, subject to the operation of a Claw-Back Mechanism or of a High Water Mark as defined in the Prospectus and as specified in the Prospectus for each Sub-Fund. On each Valuation Day, an accrual for the previous Valuation Day's Performance Fee is made, when appropriate, and the performance fee accrual, if any, becomes payable to the Management Company on the last Dealing Day of the Financial Year, or under any of the following circumstances: on very significant orders for switching or redemption (applies to those Shares only) and when a Sub-Fund is merged or liquidated. Pursuant to the provisions of the relevant Investment Management Agreement, the Investment Manager may be entitled to receive the performance Fee from the Management Company.

On each Valuation Day, the net asset value of each Share Class of each Sub-Fund for which a Performance Fee applies, which includes an accrual for all fees and expenses (including the Management and Advisory Fee, and the Operating and Administrative Expenses to be borne by the relevant Share Class at the rate set out in the Prospectus), is adjusted for any dividend distributions and for subscriptions and redemptions dealt with on that Valuation Day, if any, and any Performance Fee accrued through that day in respect of such Share Class is added back (the "Adjusted net asset value"). For purposes of calculating the Performance Fee, the "Share Class Return" is computed on each Valuation Day, as the difference between the net asset value (adjusted by adding back any accrued Performance Fee) on such day and the Adjusted net asset value on the previous Valuation Day, expressed as a return based on the previous Valuation Day's Adjusted net asset value for that Share Class.

Sub-Funds may invest in UCITS and other UCIs managed by the Management Company, the Investment Managers or any other member of JPMorgan Chase & Co. No double-charging of Performance Fees will occur. The avoidance of a double-charge of the Performance Fee is achieved by either a) where a Sub-Fund invests in such UCITS and other UCIs, and these UCITS or UCIs charge performance fees, the Sub-Fund will not charge Performance Fee or b) where a Sub-Fund charges a Performance Fee, it will not invest in UCITS and/or UCIs that charge performance fees.

Claw-Back mechanism

The purpose of the Claw-Back Mechanism is to ensure that the Management Company will only become entitled to a Performance Fee when it outperforms the cumulative Benchmark Return (as defined in the Prospectus) accrued since the last Valuation Day of the last period in which a Performance Fee was paid.

High Water Mark Method

If the Share Class Return exceeds the Benchmark Return and the cumulative Share Class Return exceeds the High Water Mark Return (as set out in the Prospectus), the Performance Fee accrual is increased by the Performance Fee Rate multiplied by the Excess Return multiplied by the previous Valuation Day's Adjusted net asset value for that Class. If the Share Class Return does not exceed the Benchmark Return, the Performance Fee accrual is reduced (but not below zero) by the Performance Fee Rate multiplied by the negative Excess Return multiplied by the previous Valuation Day's Adjusted net asset value for that Class. Following a period of negative Excess Return whereby the Performance Fee accrual has been reduced to zero, no new Performance Fee is accrued until such time as the cumulative Share Class Return exceeds the greater of the High Water Mark Return and the cumulative Benchmark Return since the beginning of the SICAV accounting period. The Performance Fee accrued on any Valuation Day is reflected in the Net Asset Value per Share on the basis of which subscriptions and redemptions may be accepted.

e) Distribution Fees

The SICAV pays to the Management Company a distribution fee (the "Distribution Fee") in respect of D, F and T Share Classes. The Distribution Fee rate payable for each Share Class is stated in the Prospectus. The Management Company may at its absolute discretion and from time to time (which in certain circumstances may be daily) decide to vary such rate between the maximum and 0.0%. The Management Company may pay all or part of the Distribution Fee to certain Distributors for the services provided by them in relation to the distribution of the D, F and T Share Classes.

4. Dividend Policy

Share Classes suffixed "(acc)"

Share Classes with the suffix "(acc)" are accumulation Share Classes and will not normally pay dividends.

Share Classes suffixed "(dist)"

It is intended that all those Share Classes with the suffix "(dist)" will, if appropriate, pay reportable income annually and will have "UK Reporting Fund Status".

Share Classes suffixed "(div)"

Share Classes with the suffix "(div)" will normally pay quarterly dividends which are calculated by the Management Company based on the estimated annual yield of the relevant Sub-Fund's portfolio which is attributable to that Share Class. The Management Company will review the dividend rate for each Share Class at least semi-annually, but may adjust the dividend rate more frequently to reflect changes in the portfolio's expected yield.

Investors should be aware that "(div)" Share Classes give priority to dividends, rather than to capital growth. The expected yield for each Share Class will be calculated gross of both the Management and Advisory Fee and the Operating and Administrative Expenses, and such Share Classes will typically distribute more than the income received. Share Classes with the suffix "(div)" in issue at the dividend record date will be eligible for any dividends which will normally be paid in the currency of the relevant Share Class.

Share Classes suffixed "(mth)"

Share Classes with the suffix "(mth)" will be available to Shareholders subscribing, and remaining subscribed, through specific Asian distribution networks and to other distributors at the sole discretion of the Management Company. Share Classes with the suffix "(mth)" will normally pay dividends on a monthly basis. The monthly dividend rate per Share will be calculated by the Management Company based on the estimated annual yield of the relevant Sub-Fund's portfolio which is attributable to that Share Class. The Management Company will review the dividend rate for each Share Class at least semi-annually, but

Notes to the Unaudited Financial Statements (continued)

As at 30 June 2019

may adjust the dividend rate more frequently to reflect changes in the portfolio's expected yield. Investors should be aware that "(mth)" Share Classes give priority to dividends, rather than to capital growth. The expected yield for each Share Class will be calculated gross of both the Management and Advisory Fee and the Operating and Administrative Expenses, and such Share Classes will typically distribute more than the income received. Dividend payments for these Share Classes will normally be made to Shareholders each month and will be paid in the currency of the relevant Share Class. The Management Company reserves the right to fix a minimum amount per Share Class, below which the actual payment of the dividend would not be economically efficient for the SICAV. These payments will be deferred to the following month or reinvested in further Shares of the same Share Class and not paid directly to the Shareholders. The net asset value of "(mth)" Share Classes may fluctuate more than other Share Classes due to more frequent distribution of income.

Share Classes suffixed "(fix)"

Share Classes with the suffix "(fix)" will normally pay a quarterly fixed dividend based on a total amount per Share per annum as defined in the Prospectus.

Share Classes with the suffix "(fix)" may be closed to further subscriptions, liquidated, not pay a dividend or reduce the dividend amount payable if the payment of the dividend is believed not to be in the best interests of all Shareholders collectively in the Share Class.

Share Classes suffixed "(irc)"

Share Classes with the suffix "(irc)" will normally pay dividends on a monthly basis. The monthly dividend rate per Share will be variable and will be calculated by the Management Company based on: the estimated gross annual yield of the relevant Sub-Fund's portfolio attributable to that Share Class, which is revised at least semi-annually; and the addition or deduction of the estimated interest rate carry depending on whether such carry is positive or negative respectively. The interest rate carry is calculated using the average daily differential of the one month FX forward rate and the spot rate between these two currencies of the preceding calendar month.

Other Information

Shareholders should note that, where the dividend rate is in excess of the investment income of the Share Class, dividends will be paid out of the capital attributed to the Share Class, as well as from realised and unrealised capital gains. This may be tax inefficient for Shareholders in certain countries. Shareholders should consult their local tax adviser about their own position. Share Classes with the suffix "(div)", "(fix)" and "(mth)" do not distribute the reportable income in accordance with the United Kingdom tax legislation relating to offshore funds.

Details of dividends distributed during the period ended 30 June 2019 are available at http://www.jpmorganassetmanagement.lu/en/showpage.aspx?pageID=18.

Taxation

The SICAV is not subject to taxation in Luxembourg on its income, profits or gains. The SICAV is not subject to net wealth tax in Luxembourg. The only tax to which the SICAV in Luxembourg is subject is the subscription tax ("taxe d'abonnement") up to a rate of 0.05% per annum based on the net asset value attributed to each Share Class at the end of the relevant quarter, calculated and paid quarterly. A reduced tax rate of 0.01% per annum of the net assets will be applicable to Share Classes as identified in the Appendix. The 0.01% and 0.05% rates described above, as appropriate, are not applicable for the portion of the assets of the SICAV invested in other Luxembourg collective investment undertakings which are themselves already subject to the taxe d'abonnement.

No stamp duty, capital duty or other tax is payable in Luxembourg upon the issue of the Shares of the SICAV. No tax is payable on realised capital appreciation of the assets of the SICAV in the Grand Duchy of Luxembourg. Although the SICAV's realised capital gains, whether short or long-term, are not expected to become taxable in another country, the shareholders must be aware and recognise that such a possibility is not totally excluded. The regular income of the SICAV from some of its securities, as well as interest earned on cash deposits in certain countries, may be subject to withholding taxes at varying rates, which normally cannot be recovered.

Following case law precedent within Europe, the SICAV has instigated proceedings to reclaim tax withheld by certain Member States of the European Union on dividend payments it has received. The decision to initiate proceedings against any particular Member State is the result of an analysis of the likely costs and potential benefits of doing so and the likelihood of successfully reclaiming such amounts together with the estimated time to complete proceedings varies across Member States. Any costs associated with this decision have been charged to the relevant Sub-Funds and have been included within total costs for the purposes of determining the relevant expense cap or TER and no amount has been recorded in the SICAV for any possible amounts to be received under this action.

6. Statement of Changes in Investments

A list, specifying for each investment within each Sub-Fund the total purchases and sales which occurred during the financial period, may be obtained free of charge upon request at the registered office of the SICAV. Additional information on investments within each Sub-Fund's portfolio is available to shareholders at the registered office of the SICAV.

7. Value of Financial Instruments and Associated Risks

The SICAV entered into forward currency exchange contracts, financial futures contracts, options and swaps which, to varying degrees, represent a market risk in excess of the amount reflected on the Combined Statement of Net Assets. The amount of the contracts represents the extent of the SICAV's participation in these financial instruments. Market risks associated with such contracts arise due to the possible movements in foreign exchange rates, indices, and security values underlying these instruments. Other market and credit risks include the possibility that there may be an illiquid market for the contracts, that a change in the value of the underlying currencies, indices, or securities, or that the counterparty to a contract defaults on its obligation to perform under the terms of the contract.

8. Collateral received with respect to Financial Techniques and Financial Derivative Instruments

Assets received from counterparties in securities lending activities and OTC derivative transactions other than currency forwards constitute collateral.

The SICAV will only enter into transactions with counterparties which the Management Company believes to be creditworthy. Approved counterparties will typically have a public rating of A- or above. Counterparties will comply with prudential rules considered by the CSSF as equivalent to EU prudential rules. The counterparty does not have discretion over the composition or management of a Sub-Fund's portfolio or over the underlying of financial derivative instruments used by a Sub-Fund. Counterparty approval is not required in relation to any investment decision made by a Sub-Fund.

Collateral may be offset against gross counterparty exposure provided it meets a range of standards, including those for liquidity, valuation, issuer credit quality, correlation and diversification. In offsetting collateral its value is reduced by a percentage (a "haircut") which provides, inter alia, for short term fluctuations in the value of the exposure and of the collateral. Collateral levels are maintained to ensure that net counterparty exposure does not exceed the limits per counterparty as set out in the Prospectus. If any, collateral is received in the form of securities and cash. Non-cash collateral received is not sold, reinvested or pledged.

Notes to the Unaudited Financial Statements (continued)

As at 30 June 2019

9. Securities Lending

The SICAV may lend portions of its securities portfolio to third parties for the purpose of generating additional income or for reducing costs or risk, to the maximum extent allowed by and within the limits set forth in (i) article 11 of the Grand Ducal regulation of 8 February 2008 relating to certain definitions of the Luxembourg Law, (ii) CSSF Circular 08/356 relating to the rules applicable to undertakings for collective investments when they use certain techniques and instruments relating to transferable securities and money market instruments ("CSSF Circular 08/356") and (iii) any other applicable laws, regulations, circulars or CSSF positions.

Borrowers of securities lent by participating Sub-Funds are approved by the Management Company after appropriate assessment of such borrowers' status and financial standing. 90% of any incremental income earned from securities lending is accrued to the applicable Sub-Fund, whilst the remaining 10% income is paid to JPMorgan Chase Bank, N.A. for its role as securities lending agent for the SICAV. The income earned from the securities lending program is detailed in the Combined Statement of Operations and Changes in Net Assets.

As at 30 June 2019, the SICAV valuation of securities on loan is USD 1,818,585,505 as detailed below and received collateral with a market value of USD 1.895.457.229.

	Market Value of Securities on Loan	Cash Collateral**	Non Cash Collateral*	Base Currency	Lending Income (Gross)	Lending Agent Fee	Lending Income (Net)
Sub-Fund	USD	USD	USD		Base Currency	Base Currency	Base Currency
JPMorgan Investment Funds - Europe Select Equity Fund	25,405,819	-	26,766,806	EUR	254,167	25,416	228,751
JPMorgan Investment Funds - Global Dividend Fund	2,396,962	2,517,140		USD	25,634	2,563	23,071
JPMorgan Investment Funds - Global High Yield Bond Fund	446,559,796	204,885,006	258,828,400	USD	1,766,025	176,602	1,589,423
+ The consistence of a continuous	iti (UC UV E			There are	and the second second		ALCOHOLD CO.

^{*} The securities received as collateral are in the form of government securities (US, UK, Eurozone and other government securities). These securities are issued and guaranteed as to principal and interest by the governments of the relevant countries.

10. Transactions with Connected Parties

All transactions with connected parties were carried out on an arm's length basis.

JPMorgan Chase & Co. and its affiliates are counterparties for all securities lending activity and for certain forward foreign exchange contracts, financial futures contracts and swaps contracts. The Management Company, Registrar and Transfer Agent, Domiciliary Agent and Global Distributor, Investment Managers, Depositary, Corporate and Administrative Agent and other related Agents of the SICAV are considered as connected parties as they are affiliated entities of JPMorgan Chase & Co. In addition Elvinger Hoss Prussen, société anonyme (of which Mr Jacques Elvinger who is on the Board of Directors of the SICAV, is a partner) is compensated for legal services to the SICAV.

11. Commission Sharing Arrangements

The Investment Managers may enter into commission sharing arrangements only where there is a direct and identifiable benefit to the clients of the Investment Managers, including the SICAV, and where the Investment Managers are satisfied that the transactions generating the shared commissions are made in good faith, in strict compliance with applicable regulatory requirements and in the best interests of the SICAV and the Shareholders. Any such arrangements must be made by the Investment Manager on terms commensurate with best market practice. Depending on local regulation, an Investment Manager can pay for research or execution services using soft commissions or other similar arrangements.

12. Information for German Registered Shareholders

A list, specifying for each investment within each Sub-Fund the total purchases and sales which occurred during the financial period, may be obtained free of charge upon request at the registered office of the SICAV and at the office of the German paying and information agent, JPMorgan Asset Management (Europe) S.à r.l., Frankfurt Branch, Taunustor 1, D-60310, Frankfurt am Main, Germany. Additional information on investments within each Sub-Fund's portfolio is available to shareholders at the registered office of the SICAV and at the office of the German paying and information agent.

13. Information for Investors in Switzerland

Representative in Switzerland: JPMorgan Asset Management (Switzerland) LLC, Dreikönigstrasse 37, 8002 Zürich.

Paying Agent in Switzerland: J.P. Morgan (Suisse) SA, 8 Rue de la Confédération, 1204 Geneva.

The Prospectus, the Key Investor Information Documents, the articles of incorporation, the annual and semi-annual financial report as well as a list of the purchases and sales which the SICAV has undertaken during the financial period may be obtained free of charge from the representative.

14. Authorisation of Sub-Funds in Hong Kong

Certain Share Classes of the following Sub-Funds are authorised in Hong Kong and are available to Hong Kong residents:

- JPMorgan Investment Funds Europe Select Equity Fund;
- JPMorgan Investment Funds Global Dividend Fund;
- JPMorgan Investment Funds Global High Yield Bond Fund.

15. Directors' Fees

The only remuneration paid to Directors is an annual fee. This is waived by Mr Daniel Watkins and Mr Massimo Greco. The total Directors' fee for the period amounted to EUR 119,510 of which EUR 28,266 was due to the Chairman.

^{**} Cash collateral may be reinvested into Reverse Repurchase Transactions with high quality government bonds as collateral. Income earned is recorded under the "Securities Lending Income" in the Combined Statement of Operations and Changes in Net Assets.

Notes to the Unaudited Financial Statements (continued)

As at 30 June 2019

16. Transaction Costs

For the period ended 30 June 2019, the SICAV incurred transaction costs which have been defined as brokerage fees included with the "Net Realised Gain/(Loss) for the Period" in the Combined Statement of Operations and Changes in Net Assets relating to purchase or sale of transferable securities, derivatives (except OTC derivatives) or other eligible assets. The SICAV also incurred transaction costs charged by the depositary agent included within "Depositary, Corporate, Administration and Domiciliary Agency Fees" in the Combined Statement of Operations and Changes in Net Assets relating to purchase and sale of transferable securities as follows:

Sub-Fund	Base Currency	Depositary Transaction Costs and Brokerage Fees (in Base Currency)
JPMorgan Investment Funds - Europe Select Equity Fund	EUR	1,839,860
JPMorgan Investment Funds - Global Dividend Fund	USD	140,178
JPMorgan Investment Funds - Global High Yield Bond Fund	USD	35,507

For fixed income securities, transaction costs are not separately identifiable from the purchase price of the security and therefore cannot be disclosed separately.

17. Significant Events during the period

a) Securities Lending Program

With effect from 1 January 2019, 90% of any incremental income will be accrued to the applicable Sub-Fund and 10% will be paid to the securities lending agent.

18. Subsequent Events after the period

a) Investment Policy update

With effect from 2 July 2019, the investment policy of JPMorgan Investment Funds - Global Dividend Fund was updated to remove the reference to an approximate stock concentration range of 40 to 90 companies.

⁺ Expense ratios are calculated in accordance with the guidelines dated 16 May 2008 issued by the Swiss Funds & Asset Management Association. The Total Expense Ratio ("TER") represents the total operating costs as a percentage of the Fund's average daily net assets. The total operating cost comprises investment management and advisory fees, depositary fees, taxe of abonnement and other expenses, as summarised in the Combined Statement of Operations and Changes in Net Assets. Overdraft interest and Performance Fees are excluded from the calculation.

The capped expense ratios and total expense ratios for some Share Classes may have changed over the previous two years. All details concerning these changes have been disclosed in previous years' Financial Statements. All TER figures are annualised.

⁽a) These figures include Fee Waivers on Management and Advisory Fees or Operating and Administrative expenses, where applicable.
(b) These figures include Performance Fees, where applicable.
(c) These figures include of Fee Waivers on Management and Advisory Fees or Operating and Administrative expenses and ii) Performance Fees, where applicable.

Appendix - Unaudited Additional Disclosures (continued)

2. Summary of Investment Objectives of the Sub-Funds

Equity Sub-Funds

JPMorgan Investment Funds - Europe Select Equity Fund

To achieve a return in excess of the European equity markets by investing primarily in European companies.

JPMorgan Investment Funds - Global Dividend Fund

To provide long-term capital growth by investing primarily in companies, globally, that generate high and rising income.

Bond Sub-Funds

JPMorgan Investment Funds - Global High Yield Bond Fund

To achieve a return in excess of global bond markets by investing primarily in global below investment grade corporate debt securities, using financial derivative instruments where appropriate.

Appendix - Unaudited Additional Disclosures (continued)

3. Performance and Volatility

Performance

Returns for periods greater than one year are annualised. SICAV performance includes reinvestment of income and is net of all expenses.

Past performance is no indication of current or future performance.

The performance data does not take into account the commissions and costs incurred on the issue and redemption of units.

Volatility

The standard deviation (D) of the price is calculated on a daily basis throughout each SICAV's financial year.

The details below relate to the period from 1 January 2019 to 30 June 2019.

If D is equal to or less than 0.1 then volatility will be Low.

If D is greater than 0.1 but less than or equal to 1.0 then volatility will be Medium.

If D is greater than 1.0 but less than or equal to 2.4 then volatility will be High. If D is greater than 2.4 then volatility will be Very High.

4. Interest Rate Received/(Charged) on Bank Accounts

Basis for Bank Interest Rates

The rates are based on the JPMorgan Chase Treasury rates and consequently may change on a daily basis. The bank interest amount is posted to each of the SICAV's bank accounts on a monthly basis on the first business day of the subsequent month based on the bank balances from the prior month.

5. Sub-Fund Share Classes Subject to Taxe d'Abonnement Rate of 0.01%

6. Portfolio Turnover Ratio

The Portfolio Turnover Ratio is an indicator of the relevance of the additional costs incurred by a fund when buying and selling investments according to its investment policy. The Portfolio Turnover Ratio is calculated in accordance with the CSSF Circular 03/122 as outlined below:

(Total securities' purchases and sales - total subscriptions and redemptions of Sub-Fund shares)

Average net Sub-Fund assets in Sub-Fund currency

The Portfolio Turnover Ratio is expressed as a percentage and in the case the outcome of the calculation is negative, a zero value has been published.

Sub-Fund Portfolio Turnover Ratio (%)

 JPMorgan Investment Funds - Europe Select Equity Fund

8. Securities Financing Transactions

The SICAV engages in Securities Financing Transactions (as defined in Article 3 of Regulation (EU) 2015/2365, Securities Financing Transactions include repurchase transactions, securities or commodities lending and securities or commodities borrowing, buy-sell back transactions or sell-buy back transactions and margin lending transactions) through its exposure on securities lending transactions during the period. In accordance with Article 13 of the Regulation, the information on securities lending transactions are detailed below.

Collaterals received or granted with respect to Securities Financing Transactions are disclosed on a trade date basis of accounting.

Global Data

Amount of securities on loan

The total value of securities on loan as a proportion of the Sub-Funds' total lendable assets as at the reporting date is detailed below. Total lendable assets represents the aggregate value of asset types forming part of the Sub-Funds' securities lending programme.

Sub-Fund	% of Total Lendable Assets
JPMorgan Investment Funds - Europe Select Equity Fund	2.01
JPMorgan Investment Funds - Global Dividend Fund	1.35
JPMorgan Investment Funds - Global High Yield Bond Fund	7.13

Amount of assets engaged in securities lending transactions

The following table represents the total value of assets engaged in securities lending as at the reporting date.

Sub-Fund	Sub-Fund Currency	Market Value of Securities on Loan (in Sub-Fund Currency)	% of AUM
JPMorgan Investment Funds - Europe Select Equity Fund	EUR	22,318,894	1.96
JPMorgan Investment Funds - Global Dividend Fund	USD	2,396,962	1.29
JPMorgan Investment Funds - Global High Yield Bond Fund	USD	446,559,796	6.98

Concentration Data

Ten largest collateral issuers

The following table lists the ten largest issuers by value of non-cash collaterals received by the Sub-Funds across securities lending as at the reporting date:

JPMorgan Investment Funds - Europe Selec	t Equity Fund	JPMorgan Investment Funds - Global High \	Yield Bond Fund
Issuer	Non-Cash Collateral Value EUR	Issuer	Non-Cash Collateral Value USD
Austria Government	9,600,148	US Treasury	176,622,554
UK Treasury	7,490,545	UK Treasury	54,670,757
France Government	7,012,716	France Government	19,573,371
US Treasury	1,392,318	Netherlands Government	6,408,858
Belgium Government	952,696	Finland Government	810,877
Netherlands Government	257,485	Austria Government	741,982
Germany Government	19		

In cases where less than 10 issuers are disclosed, a total of less than 10 issuers is available for that Sub-Fund.

Top ten counterparties

As disclosed in Note 9, JPMorgan Chase Bank, N.A. is the only counterparty in respect of securities lending transactions as at the reporting date.

Aggregate Transaction Data

Type and quality of non-cash collateral

Collaterals received by the Sub-Funds in respect of securities lending as at the reporting date are in the form of debt securities having investment grade credit rating.

Sub-Fund	Sub-Fund Currency	Non-cash Collateral (in Sub-Fund Currency)	% of Non-Cash Collateral deemed Investment Grade
JPMorgan Investment Funds - Europe Select Equity Fund	EUR	26,705,927	100.00
JPMorgan Investment Funds - Global High Yield Bond Fund	USD	258,828,399	100.00

Appendix - Unaudited Additional Disclosures (continued)

8. Securities Financing Transactions (continued)

Maturity tenor of collateral

The following table provides an analysis of the maturity tenor of collaterals received in relation securities lending transactions as at the reporting date.

	JPMorgan Investment Funds - Europe Select Equity Fund	JPMorgan Investment Funds - Global Dividend Fund	JPMorgan Investment Funds - Global High Yield Bond Fund
Maturity	EUR	USD	USD
Cash			
less than 1 day		2,517,140	204,885,006
Non-Cash			
1 to 7 days			
1 to 4 weeks	917,339		831,801
1 to 3 months	280,272		1,282,869
3 to 12 months	46,869		34,362,945
more than 1 year	25,461,447		222,350,784
	26,705,927	2,517,140	463,713,405

Currency of collateral

The following table provides currency of collaterals received in relation to securities lending transactions as at the reporting date.

		Collateral Value (in Sub-Fund Currency)				
Sub-Fund	Sub-Fund Currency	EUR	GBP	USD	JPY	Total
JPMorgan Investment Funds - Europe Select Equity Fund	EUR	17,823,063	7,490,545	1,392,319		26,705,927
JPMorgan Investment Funds - Global Dividend Fund	USD			2,517,140		2,517,140
JPMorgan Investment Funds - Global High Yield Bond Fund	USD	27,535,088	54,670,757	381,507,560		463,713,405

Maturity tenor of securities lending agreements

The SICAV's securities lending transactions have open maturity.

Country in which counterparties are established

JPMorgan Chase Bank, N.A. was incorporated in United States of America.

Settlement and clearing

All Sub-Funds engaged in securities lending agreements utilise bi-lateral settlement and clearing with their respective counterparty.

Reuse of collateral

Share of collateral received that is reused and reinvestment return

Non-cash collateral received by way of title transfer collateral arrangement in relation to securities lending transactions, reverse repurchase agreements and OTC derivative transactions, cannot be sold, reinvested or pledged.

Securities lending transactions

As at the period end, all of the cash collateral received in respect of securities lending was re-invested into Reverse Repurchase Transactions with high quality government bonds as collateral. This is managed by the Securities Lending Agent based solely on the approved guidelines and agreement issued by JPMorgan Asset Management (Europe) S.à r.l..

Income earned by the SICAV from the reinvestment of cash collateral in the form of Reverse Repurchase Transactions, net of any interest payable to the relevant counterparty, amounted to USD 1,974,109 for the period ended 30 June 2019 and is recorded under the "Securities Lending Income" in the Combined Statement of Operations and Changes in Net Assets.

Details relating to the permitted reuse of cash collateral are disclosed in the latest Prospectus available from http://www.jpmorganassetmanagement.lu.

Appendix - Unaudited Additional Disclosures (continued)

8. Securities Financing Transactions (continued)

Safekeeping of Collateral

Collateral received

The following tables provide an analysis of collateral received held at each custodian as at the reporting date:

Securities lending transactions

Sub-Fund	Custodian	Sub-Fund Currency	Collateral Value (in Sub-Fund Currency)
JPMorgan Investment Funds - Europe Select Equity Fund	JPMorgan Bank Luxembourg S.A.	EUR	26,705,927
JPMorgan Investment Funds - Global Dividend Fund	JPMorgan Bank Luxembourg S.A.	USD	2,517,140
JPMorgan Investment Funds - Global High Yield Bond Fund	JPMorgan Bank Luxembourg S.A.	USD	463,713,405

Collateral granted

As at the reporting date, there was no collateral granted with respect to securities lending transactions.

Return and cost

The total income earned from securities lending transactions is split between the relevant Sub-Funds and the securities lending agent. Detail of this split is disclosed in Note 9 to the financial statements.

Appendix - Unaudited Additional Disclosures (continued)

9. UCITS Remuneration Disclosures

JPMorgan Asset Management (Europe) S.à r.l. (the "Management Company") is the authorised manager of JPMorgan Investment Funds (the "Company") and is part of the J.P. Morgan Chase & Co. group of companies. In this section, the terms "J.P. Morgan" or "Firm" refer to that group, and each of the entities in that group globally, unless otherwise specified.

This section of the semi-annual report has been prepared in accordance with the Undertakings for Collective Investment in Transferable Securities (the ""UCITS Directive") and the "Guidelines on sound remuneration policies" issued by the European Securities and Markets Authority under the UCITS Directive. The information in this section is in respect of the most recent complete remuneration period ("Performance Year") as at the reporting date.

Remuneration Policy

A summary of the Remuneration Policy applying to the Management Company (the "Remuneration Policy Statement") can be found at http://www.jpmorganassetmanagement.lu/legal/emea-remuneration-policy. This Remuneration Policy Statement includes details of how remuneration and benefits are calculated, including the financial and non-financial criteria used to evaluate performance, the responsibilities and composition of the Firm's Compensation and Management Development Committee, and the measures adopted to avoid or manage conflicts of interest. A copy of this policy can be requested free of charge from the Management Company.

The Remuneration Policy applies to all employees of the Management Company, including individuals whose professional activities may have a material impact on the risk profile of the Management Company or the UCITS Funds it manages ("UCITS Identified Staff"). The UCITS Identified Staff include members of the Board of the Management Company (the "Board"), senior management, the heads of relevant Control Functions, and holders of other key functions. Individuals are notified of their identification and the implications of this status on at least an annual basis.

The Board reviews and adopts the Remuneration Policy on an annual basis, and oversees its implementation, including the classification of UCITS Identified Staff. The Board last reviewed and adopted the Remuneration Policy that applied to the 2018 Performance Year in June 2018 with no material changes and was satisfied with its implementation.

Ouantitative Disclosures

The table below provides an overview of the aggregate total remuneration paid to staff of the Management Company in respect of the 2018 Performance Year and the number of beneficiaries.

Due to the Firm's operational structure, the information needed to provide a further breakdown of remuneration attributable to the Company is not readily available and would not be relevant or reliable. However, for context, the Management Company manages 3 Alternative Investment Funds (with 8 Sub-Funds) and 7 UCITS (with 161 Sub-Funds) as at 30 June 2019, with a combined AUMs as at that date of USD 2.12Im and USD 316,230m respectively.

	Fixed remuneration	Variable remuneration	Total remuneration	Number of beneficiaries
All staff (USD '000s)	45,003	22,256	67,259	331

The aggregate total remuneration paid to UCITS Identified Staff in respect of the 2018 Performance Year was USD 130,876k, of which USD 9,240k relates to Senior Management and USD 121,636k relates to other UCITS Identified Staff⁽ⁱⁱ⁾.

⁽¹⁾ Since 2017, the UCITS Identified Staff disclosures includes employees of companies to which portfolio management has been formally delegated, in line with the latest ESMA guidance.

Audited Annual Report - 31 December 2018

JPMorgan Investment Funds

SICAV Range

This report is an abridged version of the audited annual report established in conformity with the Luxembourg Law of 17 December 2010 on Undertakings for Collective Investment. The complete version is available on request from the Company's registered office in Luxembourg and from JPMorgan Funds (Asia) Limited.

This report does not constitute an offer of shares. Subscriptions are only valid if made on the basis of the current Hong Kong Offering Document which is available free of charge on request, supplemented by the most recent audited annual report of the Fund and any subsequent unaudited semi-annual report, from JPMorgan Funds (Asia) Limited.

Certain of the sub-funds of the Fund are not authorised for offer or distribution in or from Hong Kong. Accordingly, no reference is made to these sub-funds in this audited annual report. The attention of the investors is drawn to the fact that certain figures in this audited annual report are expressed on a consolidated basis and, thus, include the assets of those sub-funds which are not registered in Hong Kong.

Board of Directors' Report

Chairman

Iain O.S. Saunders

Independent Non-Executive Director and Chairman. A member of the Board since November 1996.

Mr Saunders graduated in Economics from Bristol University and joined Robert Fleming in 1970. He held several senior positions with the group in Hong Kong, Japan and the US, before returning to the UK in 1988. He was appointed Deputy Chairman of Fleming Asset Management and retired in 2001 following the merger of the Robert Fleming group with JP Morgan. Mr Saunders is currently Chairman of several JPMorgan managed Luxembourg-domiciled investment funds and MB Asia Select Fund.

Directors

Jacques Elvinger

Non-Executive Director. A member of the Board since January 2009.

Mr Elvinger became a member of the Luxembourg Bar in 1984 and has been a partner of the Luxembourg law firm Elvinger Hoss Prussen since 1987. Mr Elvinger practices general corporate and banking law and specializes in the field of investment and pension funds. He is a member of the High Committee for the Development of the Financial Sector instituted by the Luxembourg Government. He is also a member of the Advisory Committees to the Luxembourg Commission for the Supervision of the Financial Sector in the area of investment funds. He is a member of the Board of Directors of the Association of the Luxembourg Fund Industry (ALFI) and is currently chairman of ALFI's Regulatory Board. Mr Elvinger currently holds a number of board mandates with Luxembourg investment funds including several JPMorgan managed Luxembourg-domiciled investment funds.

Massimo Greco

Executive Director. A member of the Board since November 2015.

Mr Greco, Managing Director, is responsible for JPMorgan Asset Management's Global Funds business in Europe, based in London. He took on his current responsibilities in 2012. Mr Greco has been a JPMorgan employee since 1992, initially with the Investment Banking unit, moving to Asset Management in 1998. Before that, he worked for Goldman Sachs International in London. Mr Greco holds a degree in Economics from the University of Turin and an MBA (Major in Finance) from the Anderson Graduate School of Management at UCLA. Mr Greco is a Member of the Board of JPMorgan Asset Management (Europe) S.å r.l. as well as other Luxembourg domiciled SICAVs and is on the Board of European Fund Asset Management Association ("EFAMA").

John Li How Cheong

Independent Non-Executive Director. A member of the Board since June 2012.

Mr Li is a fellow of the Institute of Chartered Accountants in England & Wales. Mr Li moved to Luxembourg in 1987 and has since been working in the financial sector. Mr Li was a Partner at KPMG Luxembourg for more than 20 years during which he was Managing Partner for 8 years before taking on the role of Chairman of the Supervisory Board for 3 years. Mr Li was also a member of the Global Investment Management Practice of KPMG. During these years Mr Li's experience included auditing and advising clients such as banks, investment funds, insurance companies from Europe, US, Japan and Asia offering Mr Li an extensive experience in dealing with international companies. Mr Li is a board member of the Institut Luxembourgeois des Administrateurs. Mr Li currently holds a number of board mandates with financial institutions including several JPMorgan managed Luxembourg-domiciled investment funds.

Peter Thomas Schwicht

Independent Non-Executive Director, A member of the Board since June 2012.

Mr Schwicht obtained a Business Economics degree from the University of Mannheim in Germany after having studied business, tax and accounting in Hamburg, Norway and the USA and was an employee of JPMorgan Asset Management from 1987 until October 2014. Prior to his retirement Mr Schwicht was the Chief Executive of Investment Management - EMEA, JPMorgan Asset Management. He had previously held positions as the Head of the Continental Europe Institutional business and the Investment Management Country Head for Institutional and Retail business in Germany where he first developed the business and then went on to expand this throughout Continental Europe. Mr Schwicht is currently a Director of several JPMorgan managed Luxembourg-domiciled investment funds.

Susanne van Dootingh

Independent Non-Executive Director. A member of the Board since December 2017.

Ms van Dootingh was at State Street Global Advisors from 2002 to 2017 with her final position being as Senior Managing Director, Head of European Governance and Regulatory Strategy, EMEA. In addition, she was the Chair of the SSGA Sicav and Management Company and has been a member of various ESMA consultative working groups since 2013. Prior to this she held positions within State Street Global Investors as the Global Head of Institutional Product Development and Research, Head of European Product Development and Management, EMEA, Head of Fixed Income Product Engineering, EMEA and Senior Fixed Income Strategist and Product Engineer. Before 2002 Ms van Dootingh worked at Fortis Investment Management as Senior Product Manager, European Fixed Income, at Barclays Global Investors as Product Manager, Fixed Income, and at ABN AMRO Asset Management as Portfolio Manager Global Fixed Income. She graduated from Vrije Universiteit Amsterdam with a Master of Arts Financial Sector Management. Ms van Dootingh currently holds a number of board mandates with financial institutions including several JPMorgan managed Luxembourg-domiciled investment funds.

Daniel Watkins

Executive Director. A member of the Board since December 2014.

Mr Watkins is the Chief Executive Officer of Asia Pacific, J.P. Morgan Asset Management. He is responsible for overseeing the Asset Management Asia Pacific business, which operates in seven locations and includes more than 1,400 employees. Mr Watkins is a member of the Asset Management Operating Committee and the firm-wide Asia Pacific Management team. Mr Watkins has been an employee since 1997. Prior to taking his current role in 2019, he was Deputy CEO of JPMorgan Asset Management Europe and Global Head of AM Client Services and Business Platform. Mr Watkins has also held a number of positions at JPMorgan namely Head of Europe COO and Global IM Operations, Head of the European Operations Team, Head of the European Transfer Agency, Head of Luxembourg Operations, manager of European Transfer Agency and London Investment Operations and manager of the Flemings Investment Operations Teams. Mr Watkins obtained a BA in Politics from the University of York and is a qualified Financial Advisor. Mr Watkins is currently a Director of several JPMorgan managed Luxembourg and Irish domiciled investment funds and also several UK legal entities.

Board of Directors' Report (continued)

The Board of Directors (the "Board") is pleased to present the Audited Annual Report of JPMorgan Investment Funds (the 'Fund') for the year ended 31 December 2018, and considers that taken as a whole they are fair and balanced and provide the information necessary for shareholders to assess the Fund's position and performance.

Structure of the Fund

The Fund is a variable capital open-ended investment company, organised as a "Société Anonyme", under the laws of the Grand Duchy of Luxembourg. The Board has appointed JPMorgan Asset Management (Europe) S.à r.l. (JPMAME) as Management Company of the Fund. The Fund is organised as an "umbrella" with a number of Sub-Funds each of which has its own investment objective, policies and restrictions.

The objective of the Fund is to place the money available to it in transferable securities and other permitted assets of any kind, in accordance with the Fund's Prospectus, with the purpose of spreading investment risks and affording shareholders the results of the management of their portfolios.

The Fund qualifies as an Undertaking for Collective Investment in Transferable Securities (UCITS) under the EC Directive 2009/65/EC of 13 July 2009 and is subject to the Luxembourg law of 17 December 2010, as amended, on undertakings for collective investment. The Fund may therefore be offered for sale in European Union Member States, subject to notification in countries other than the Grand Duchy of Luxembourg. In addition, applications to register the Fund and its Sub-Funds may be made in other countries.

The Fund currently has 16 Sub-Funds. All of the Sub-Funds and Share Classes are registered for offer and distribution in the Grand Duchy of Luxembourg and a number of the Sub-Funds and Share Classes are registered for distribution in the following jurisdictions: Austria, Bahrain, Belgium, Chile, Czech Republic, Croatia, Curacao and Sint Maarten, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Italy, Jersey, Korea, Liechtenstein, Macau, The Netherlands, Norway, Poland, Portugal, Singapore, Slovakia, Spain, Sweden, Switzerland, Taiwan and the United Kingdom.

Role and Responsibility of the Board

The responsibility of the Board is governed exclusively by Luxembourg law. With respect to the annual accounts of the Fund, the duties of the Directors are governed by the law of 10 December 2010 on, inter alia, the accounting and annual accounts of undertakings for collective investment and by the law of 17 December 2010, as amended, relating to undertakings for collective investment.

A management agreement between the Fund and JPMorgan Asset Management (Europe) S.à r.l. sets out the matters over which the Management Company has authority under Chapter 15 of the Law of 17 December 2010. This includes management of the Fund's assets and the provision of administration, registration, domiciliation agent and marketing services. All other matters are reserved for approval by the Board and a schedule setting out such matters for clarity is in place between the Board and the Management Company. The matters reserved for the Board include determination of each Sub-Fund's investment objective and policies, investment restrictions and powers, amendments to the Prospectus, reviewing and approving key investment and financial data, including the annual accounts, as well as the appointment of, and review of the services provided by, the Management Company, Auditor and Depositary.

Prior to each Board meeting the Directors receive detailed and timely information allowing them to be prepared for the items under discussion during the meeting. For each quarterly meeting the Board requests, and receives, reports from, amongst others, the Management Company, the investment managers, risk management as well as proposals for changes to existing Sub-Funds or proposals to launch new ones as appropriate. Senior representatives of each of these functions attend Board meetings by invitation to enable the Directors to question the reports presented to them.

The Directors take decisions in the interests of the Fund and its shareholders as a whole and refrain from taking part in any deliberation or decision which creates a conflict of interest between their personal interests and those of the Fund and its shareholders. The subject of conflicts of interest is documented in the Prospectus and the Management Company's policy on conflicts of interest is available for inspection on the website:

http://www.jpmorganassetmanagement.lu/ENG/Document Library

The Board can take independent professional advice if necessary and at the Fund's expense.

Board Composition

The Board is chaired by Mr. Saunders and consists of four Independent Non-Executive Directors, one Non-Executive Director and two Executive Directors.

The Board defines an Executive Director as someone who is employed by JPMorgan Chase & Co or any of its affiliates, a Non-Executive Director as someone who has a business, family or other relationship with the Fund or JPMorgan Chase & Co or any of its affiliates, and an Independent Non-Executive Director as someone who is free of any business, family or other relationship with the Fund or JPMorgan Chase & Co or any of its affiliates. All Board meetings require a majority of Non-Executive Directors to be in attendance.

In appointing a Director the Board takes into account the relative mix and composition of the Board, which as a whole has a breadth of investment knowledge, financial skills, as well as legal and other experience relevant to the Fund's business.

The Board does not limit the number of years of Directors' service and it does take into account the nature and requirements of the fund industry and of the Fund's business when making recommendation to shareholders that Directors be elected. The terms of each Director's appointment are set out in a contract for services and these are available at the Fund's registered office for inspection.

At the forthcoming Annual General Meeting shareholders are being asked to consider appointing Martin Porter to the Board as an independent non-executive director. Mr Porter was formally the Chief Investment Officer of the Equities business within JPMorgan Asset Management until July 2016 and therefore has extensive experience relevant for the oversight of the business of the Fund. A summary of his biography is given below. The Board recommend that shareholders vote for his appointment.

Mr Porter joined Robert Fleming Asset Management in 1984, and ran equity portfolios in both London and Japan. During his tenure in Japan, he became a holding board director of Jardine Fleming, responsible for the Japanese business. Returning to the UK in 2000, he took up the role of Chief Investment Officer, Equity and Balanced of Fleming Asset Management, before becoming Global Head of Equities of JP Morgan Asset Management, a position he held from 2003 to 2016 when he retired.

Induction and Training

All new Directors will receive an induction incorporating relevant information regarding the Fund and their duties and responsibilities as a Director. In addition, the Board takes active steps to keep up to date with developments relevant to the Fund and have ensured that a formal training programme is in place.

Roard Evaluation

The Board carries out a biennial review of its performance.

Board of Directors' Report (continued)

Roard Remuneration

The Board believes that the remuneration of its members should reflect the responsibilities and experience of the Board as a whole and be fair and appropriate given the size, complexity and investment objectives of the Fund. The remuneration is reviewed on an annual basis. The Chairman is paid EUR 56,000 per annum and the other Directors EUR 45,000 per annum pro rata apart from the Connected Directors who have agreed to waive their remuneration. No element of the remuneration paid by the Fund to the Directors is performance related.

Board Meetings and Committees

The Board meets quarterly but if necessary additional meetings will be arranged. Given the scope and nature of the business of the Fund, the Board does not currently consider it necessary to have a formal Audit or Remuneration Committee or indeed any other standing committees. However, this is kept under review. All Board related matters are therefore currently approved by the Board or, where there are specific matters that need further consideration, a Sub-Committee of the Board could be formed for this specific purpose. Such circumstances could be where the Board requests some amendments to the Prospectus and where it is not appropriate to wait till the next quarterly Board meeting for this to be approved. These Sub-Committee meetings are usually formed of a minimum of two Directors.

There were six Board meetings held during the year. Four of these were quarterly Board meetings where, amongst other matters, the agenda included those items highlighted under the section above called 'Role and Responsibility of the Board' and two were ad hoc Board meetings. In addition to the Board meeting where the Auditors present the report on the audit of the Fund accounts, the Non-Executive Directors also meet with them annually without the Executive Directors being in attendance.

Internal Control

Investment management and all administrative services are provided by the Management Company and custody of assets is provided by J.P. Morgan Bank Luxembourg S.A. The Board's system of internal control therefore mainly comprises monitoring the services provided by the Management Company and the Depositary, including the operational and compliance controls established by them to meet the Fund's obligations to shareholders as set out in the Prospectus, Articles of Incorporation as well as all relevant regulations. The Management Company formally reports to the Board on a quarterly basis on the various activities it is responsible for and in addition shall inform the Board without delay of any material administrative or accounting matters.

Corporate Governance and ALFI Code of Conduct

The Board is responsible for ensuring that a high level of corporate governance is met and considers that the Fund has complied with the best practices in the Luxembourg funds industry.

In particular the Board has adopted the ALFI Code of Conduct (the "Code") which sets out principles of good governance. These principles are set out below:

- 1. The Board should ensure that high standards of corporate governance are applied at all times;
- 2. The Board should have good professional standing and appropriate experience and to ensure that it is collectively competent to fulfil its responsibilities;
- 3. The Board should act fairly and independently in the best interests of the investors;
- 4. The Board should act with due care and diligence in the performance of their duties;
- 5. The Board should ensure compliance with all applicable laws and regulations and with the Fund's constitutional documents;
- 6. The Board should ensure that investors are properly informed, are fairly and equitably treated, and receive the benefits and services to which they are entitled;
- 7. The Board should ensure that an effective risk management process and appropriate internal controls are in place:
- 8. The Board should identify and manage fairly and effectively, to the best of its ability, any actual, potential or apparent conflict of interest and ensure appropriate disclosure;
- 9. The Board should ensure that shareholder rights are exercised in a considered way and in the best interests of the Fund;
- 10. The Board should ensure that the remuneration of the Board members is reasonable and fair and adequately disclosed.

The Board considers that the Fund has been in compliance with the principles of the Code in all material aspects throughout the financial year ended 31 December 2018. The Board undertakes an annual review of ongoing compliance with the principles of the Code.

Proxy Voting Policy

The Board delegates responsibility for proxy voting to the Management Company. The Management Company manages the voting rights of the shares entrusted in a prudent and diligent manner, based exclusively on the reasonable judgement of what will best serve the financial interests of clients. So far as is practicable, the Management Company will vote at all of the meetings called by companies in which they are invested.

A copy of the proxy voting policy is available from the Fund's registered office upon request or on the website:

https://am.jpmorgan.com/uk/institutional/corporate-governance

Directors and Officers Indemnity Insurance

The Fund's Articles of Incorporation indemnify the Directors against expenses reasonably incurred in connection with any claim against them arising in the course of their duties or responsibilities as long as they have not acted fraudulently or dishonestly. To protect shareholders against any such claim, the Board has taken out Directors and Officers Indemnity Insurance which indemnifies the Directors against certain liabilities arising in the course of their duties and responsibilities but does not cover against any fraudulent or dishonest actions on their part.

Independent Auditor

PricewaterhouseCoopers, Société coopérative, has been the Fund's Auditor since December 1994. The provision of audit services was last put to competitive tender in 2016. The Board reviewed the services of PwC in 2016 and decided that, subject to any other influencing factor, they should continue to be proposed to the Shareholders to be appointed as Auditor.

Board of Directors' Report (continued)

Annual General Meetings

The next Annual General Meeting of the Fund will be held on 26 April 2019 at the Registered Office of the Fund to consider matters relating to the year ending on 31 December 2018. At this meeting shareholders will be requested to consider the usual matters at such meetings including:

- 1. The adoption of the financial statements and approval of the allocation of the results;
- 2. The approval of Directors' fees;
- 3. The election of certain Directors;
- 4. The election of the Auditor;
- 5. The discharge of Directors duties.

No special business is being proposed by the Board.

Discharge of Directors

One of the resolutions in the AGM is, as required under Luxembourg Law, for shareholders to vote on the discharge the directors of their duties for the fiscal year in question. This discharge is only valid where the annual accounts contain no omission or false information concealing the real financial situation of the Fund.

Privacy Policy

The Management Company complies with a privacy policy that has been issued by J.P. Morgan Asset Management which can be accessed at www.jpmorgan.com/emea-privacy-policy. This policy was updated during the year to comply with the General Data Protection Regulation.

Board of Directors Luxembourg, 22 March 2019

Investment Managers' Report

Review

Global equity markets posted negative returns for the year amid rising U.S. interest rates, slowing economic growth in the Europe and China, and geo-political concerns about trade tensions between the U.S. and China. During most of the year, U.S. equity provided positive returns and outperformed other developed and emerging market equities. However, prices plummeted in the final month of the year and erased gains made in the previous eleven months. While bonds markets generally had lackluster performance during 2018, government bonds provided investors with some protection against the equity market downturn.

The MSCI World Index returned -8.20% for the reporting period and the Bloomberg Barclays Multiverse Index returned -1.36%. (performance in USD terms, 1 January 2018 - 31 December 2018, source: J.P. Morgan Asset Management).

During most of 2018, U.S. equity prices were generally supported by record corporate earnings, the lowest unemployment rates in decades and strong levels of consumer and business confidence. The U.S. Federal Reserve raised interest rates four times during the year in response to tightening labor markets. Meanwhile, following record gains in January, U.S. financial markets endured a sharp sell in February that spread to other markets and increased financial market volatility. While financial markets recovered somewhat in subsequent months, volatility remained elevated and U.S. equity prices didn't return to record highs until August. Though U.S. gross domestic product and corporate earnings continued to rise in the second and third quarters of 2018, investors appeared to grow concerned about the durability of the late-cycle economic expansion and the receding benefits of tax cuts enacted at the end of 2017.

By the end of December, negative investor sentiment had pushed U.S. equity prices sharply lower and erased gains made during the year. U.S. Treasury bonds provided investors with some protection from the equity sell-off in later 2018.

In Europe, economic growth slowed during the year with a notable decline in manufacturing exports due to weaker demand from China. Political factors also weighed on European financial markets during 2018. A new government in Italy initially threatened a confrontation with the European Union (EU) over budget deficit limits, which led to a spike in borrowing costs in Italy. In the end, the Italy submitted a budget with a lower projected deficit and borrowing costs fell. In France, a higher tax on petroleum sparked widespread protests that forced President Emmanuel Macron to rescind the fuel duty. Even as business sentiment grew worse during the year, the European Central Bank ended its quantitative easing program in December, citing improved wage growth across the region.

The U.K. also experience accelerating wage growth in 2018, even as uncertainty about Brexit negotiations weighed on business sentiment. Though Prime Minister Theresa May's proposed Brexit plan suffered a stinging defeat in the U.K. Parliament, she later survived a no-confidence vote and continued to push for an acceptable agreement with the EU to avoid a so-called hard Brexit that would significant hurt the U.K. economy.

During the latter part of 2018, China's economic expansion slowed amid weakness in global exports. In the face of reciprocal trade tariffs between the U.S. and China, the government in Beijing sought to stimulate growth with a combination of monetary and fiscal measures. Further, ongoing negotiations between the U.S. and China fed investor optimism that trade tensions would be reduced, limited the impact of tariffs on the global economy.

In other emerging markets, rising U.S. interest rates put pressure on the currencies of nations most reliant on foreign lending, including Argentina, Brazil, Turkey, South Africa and Indonesia. Emerging markets debt, which had notably underperformed other asset classes in the first half of 2018, rebounding somewhat in later part of the year.

Outlook

The global economy stands to benefit from Chinese economic stimulus, a negotiated Brexit agreement, a reduction in U.S.-China trade tariffs and the potential for lower global oil prices. At the same time, the risk of economic recession the Europe has grown and economists generally expect the U.S. economy will slow in 2019-2020. Uncertainty over the ability of U.K. politicians to resolve the Brexit issue has already hurt business sentiment and driven some corporations to relocate key operations outside the U.K. Emerging markets remain vulnerable to rising U.S. interest rates, slowing global growth, and in some nations, weakness in oil prices.

Overall, the global economy is in the late stages of an economic expansion and the risks to this expansion continuing appear to be higher than in previous years.

The Investment Managers 22 March 2019

Audit Report

To the Shareholders of

JPMorgan Investment Funds

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of JPMorgan Investment Funds and of each of its Sub-Funds (the "Fund") as at 31 December 2018, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund's financial statements comprise:

- the Combined Statement of Net Assets for the Fund and the Statement of Net Assets for each of the Sub-Funds as at 31 December 2018:
- the Schedule of Investments as at 31 December 2018:
- the Combined Statement of Operations and Changes in Net Assets for the Fund and the Statement of Operations and Changes in Net Assets for each of the Sub-Funds for the year then ended; and
- the Notes to the Financial Statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

PricewaterhouseCoopers, Société coopérative, 2 rue Gerhard Mercator, B.P. 1443, L-1014 Luxembourg T:+352 494848 1, F:+352 494848 2900, www.pwc.lu

Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund:
- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves a fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes form an integral part of these Financial Statements.

Notes to the Financial Statements

As at 31 December 2018

1. Organisation

JPMorgan Investment Funds (the "Fund" or the "SICAV") is an investment company incorporated on 22 December 1994 under the name J.P. Morgan Investment Funds. The name of the SICAV was changed to JPMorgan Fleming Investment Funds on 19 November 2001 and then to JPMorgan Investment Funds on 12 September 2005.

It is organised under Part I of the Luxembourg Law of 17 December 2010 on Undertakings for Collective Investment, as amended, as a Société Anonyme qualifying as a Société d'Investissement à Capital Variable (SICAV). As at 31 December 2018, it comprises 16 Sub-Funds each relating to a separate investment portfolio consisting of securities, cash and other instruments.

On 12 September 2005, JPMorgan Asset Management (Europe) S.à r.l. was appointed by the SICAV to act as Management Company. From 1 July 2011, JPMorgan Asset Management (Europe) S.à r.l. is acting as a Chapter 15 Management Company under the Luxembourg Law of 17 December 2010, as amended, and complies with UCITS regulations.

The SICAV is registered with the Registre de Commerce et des Sociétés of Luxembourg, under number B 49 663.

Each Sub-Fund may contain A, C, D, F, I, I2, P, T, V and X Share Classes. These Share Classes may differ in the minimum subscription amount, minimum holding amount, currency and/or eligibility requirements, the fees and expenses, and the dividend policy applicable to them. Certain Share Classes may charge a Performance Fee and are redenominated by the inclusion of "(perf)" in the name of the Share Class.

Within each Sub-Fund, individual Share Classes may have a currency of denomination that differs from the currency of denomination of the Sub-Fund. The currency of denomination for each Share Class is indicated by a suffix in the name of the Share Class.

2. Significant Accounting Policies

The Financial Statements are prepared in accordance with Luxembourg regulations relating to Undertakings for Collective Investments.

a) Investment Valuation

Transferable securities which are admitted to an official exchange listing or dealt in on another regulated market are valued on the basis of the latest available price prevailing at the time of calculating the net asset value.

If securities are listed or dealt in on several exchanges or markets, the latest available price, or if appropriate, the average price on the principal exchange or market will be applied.

Transferable securities not admitted to an official exchange listing nor dealt in on another regulated market are valued at the latest available price. Those securities for which no price is available or for which the latest available price is not representative are valued on the basis of their reasonably foreseeable sales price determined with prudence and in good faith by the Board of Directors.

 $Shares or \ Units in \ UCITS or other \ UCIs are valued at the latest available price or net asset value, as reported or provided by such undertakings or their agents.$

Liquid assets and money market instruments may be valued at nominal values plus any accrued interest or on an amortised cost basis.

The Financial Statements are presented on the basis of the net asset values of the Sub-Funds calculated on 31 December 2018. In accordance with the Prospectus, the net asset values were calculated using the latest exchange rates known at the time of calculation.

b) Swing Pricing Adjustment

A Sub-Fund may suffer dilution of the Net Asset Value per Share due to investors buying or selling Shares in a Sub-Fund at a price that does not reflect the dealing and other costs that arise when security trades are undertaken by the Investment Manager to accommodate cash inflows or outflows.

In order to counter this impact, a swing pricing mechanism may be adopted to protect the interests of Shareholders of the Sub-Fund. If on any Valuation Day, the aggregate net transactions in Shares of a Sub-Fund exceed a pre-determined threshold, as determined and reviewed for each Sub-Fund on a periodic basis by the Management Company, the Net Asset Value per Share may be adjusted upwards or downwards to reflect net inflows and net outflows respectively.

The net inflows and net outflows will be determined by the Management Company based on the latest available information at the time of calculation of the Net Asset Value per Share. The Swing Pricing mechanism may be applied across all Sub-Funds. The extent of the price adjustment will be set by the Management Company to reflect dealing and other costs. Such adjustment may vary from Sub-Fund to Sub-Fund and will not exceed 2% of the original Net Asset Value per Share. The price adjustment applicable to a specific Sub-Fund is available on request from the Management Company at its registered office.

The official Net Asset Value per Share as at year end, disclosed in the Statistical Information section of this report may therefore include a swing pricing adjustment, which would not be recognised in the Combined Statement of Net Assets and in the Combined Statement of Operations and Changes in Net Assets.

Similarly, in order to protect the interests of Shareholders in a Sub-Fund that is being merged, the Management Company may adjust the final Net Asset Value per Share of the merging Sub-Fund, or make other appropriate adjustments in order to neutralise for the Sub-Fund being merged, the impact of any pricing adjustment made through the swing pricing mechanism in the absorbing Sub-Fund as a result of cash inflows or outflows in the absorbing Sub-Fund on the merger date.

The Management Company may consider it appropriate not to apply the swing pricing adjustment to the Net Asset Value per Share of a Sub-Fund where it is seeking to attract inflows so that the Sub-Fund reaches a certain size. If a decision is taken in relation to a Sub-Fund the Management Company will pay the dealing and other costs resulting from securities trades to avoid the Sub-Fund suffering dilution of the net asset value. Where this happens shareholders will subscribe or redeem at a net asset value that will not have been adjusted upwards as would have been the case if the swing pricing mechanism had been applied.

c) Realised and Unrealised Gains and Losses on Investments

Investment transactions are accounted for on the trade date (the date the order to buy or sell is executed). For trades into other collective investment schemes, transactions are accounted for on receipt of the trade confirmation from the underlying transfer agents.

Realised gains and losses on sales of investments are calculated on the average book cost. The associated foreign exchange movement between the date of purchase and date of sale of investments is included in realised gains and losses on investments. Unrealised gains and losses on holdings of investments are calculated on the total book cost and include the associated unrealised gains and losses on foreign exchange.

d) Income Recognition

Interest income is accrued daily and includes the amortisation of premiums and accretion of discounts, where applicable. Bank interest income is recognised on an accrual basis. Dividend income is accrued on the ex-dividend date. This income is shown net of any withholding taxes and adjusted accordingly when tax reclaims apply.

Notes to the Financial Statements (continued)

As at 31 December 2018

e) Conversion of Foreign Currencies

The books and records of each Sub-Fund are denominated in the base currency of the corresponding Sub-Fund. Amounts denominated in other currencies are translated into the base currency on the following basis: (i) investment valuations and other assets and liabilities initially expressed in other currencies are converted each business day into the base currency using currency exchange rates prevailing on each such business day; (ii) purchases and sales of foreign investments, income and expenses are converted into the base currency using currency exchange rates prevailing on the respective dates of such transactions.

Net realised and unrealised gains or losses on foreign exchange transactions represent: (i) foreign exchange gains and losses from the sale and holding of foreign currencies and foreign cash equivalents; (ii) gains and losses between trade date and settlement date on securities transactions and forward currency exchange contracts; and (iii) gains and losses arising from the difference between amounts of dividends and interest recorded and the amounts actually received. The resulting gains and losses on translation are included in "Net Realised Gain/(Loss) on Foreign Exchange" in the Combined Statement of Operations and Changes in Net Assets.

The reference currency of the SICAV as reflected in the combined statements is USD.

The principal exchange rates applied for the year ended 31 December 2018 are the latest exchange rates known at the time of the NAV calculation:

1 USD =	1.41890273 AUD;	1 USD =	0.87451576	EUR;	1 USD =	8.69897000	NOK;
1 USD =	1.36426000 CAD;	1 USD =	0.78118898	GBP;	1 USD =	1.49220337	NZD;
1 USD =	0.98661000 CHF;	1 USD =	7.83298000	HKD;	1 USD =	3.76440000	PLN;
1 USD =	6.87290000 CNH;	1 USD =	280.61000000	HUF;	1 USD =	8.94831000	SEK;
1 USD =	22.52140000 CZK;	1 USD =	110.01500000	JPY;	1 USD =	1.36326000	SGD.

f) Forward Currency Exchange Contracts

Unrealised gains or losses on outstanding forward currency exchange contracts are valued on the basis of currency exchange rates prevailing at the relevant valuation date. The changes in such amounts are included in the Combined Statement of Operations and Changes in Net Assets under "Net Change in Unrealised Gain/(Loss) on Forward Currency Exchange Contracts". When a contract is closed, the Realised Gain/(Loss) is recorded under "Net Realised Gain/(Loss) on Forward Currency Exchange Contracts" in the Combined Statement of Operations and Changes in Net Assets. Unrealised gains or losses are recorded under "Net Unrealised Gain/(Loss) on Forward Currency Exchange Contracts" in the Combined Statement of Net Assets.

a) Financial Futures Contracts on Securities and Indices

Regulated financial futures contracts are valued at the exchange quoted settlement price. Initial margin deposits are made upon entering into the contracts and can be either in cash or securities. During the period the contracts are open, changes in the value of the contracts are recognised as unrealised gains and losses by "marking-to-market" on a daily basis to reflect the market value of the contracts at the end of each business day's trading. Variation margin payments are made or received, depending upon whether losses or gains are incurred. The frequency of those margin payments may differ depending on where the contract is traded. When a contract is closed, the SICAV records a realised gain or loss equal to the difference between the proceeds from, or cost of, the closing transaction and the initial cost of the contract in "Net Realised Gain/(Loss) on Financial Futures Contracts" in the Combined Statement of Operations and Changes in Net Assets.

Unrealised gains or losses are recorded under "Net Unrealised Gain/(Loss) on Financial Futures Contracts" in the Combined Statement of Net Assets. The changes in such amounts are recorded under "Net Change in Unrealised Gain/(Loss) on Financial Futures Contracts" in the Combined Statement of Operations and Changes in Net Assets.

h) Option Contracts

The SICAV writes options on securities, futures and currencies. These options are settled in cash and subject the SICAV to unlimited risk of loss. The SICAV, however, is not subject to credit risk on written options as the counterparty has already performed its obligation by paying the premium at the inception of the contract.

Options purchased are recorded as investments; options written or sold are recorded as liabilities. When the exercise of an option results in a cash settlement, the difference between the premium and the settlement proceeds is accounted for as a realised gain or loss. When securities are acquired or delivered upon exercise of an option, the acquisition cost or sale proceeds are adjusted by the amount of the premium. When an option is closed, the difference between the premium and the cost to close the position is accounted for as a realised gain for options written or as a realised loss for options purchased.

For options on futures, where the investment manager is based in the United Kingdom, variation margin payments are made or received daily, depending upon whether losses or gains are incurred on the underlying futures contract.

The market values are recorded under "Other Derivative Instruments at Market Value" in the Combined Statement of Net Assets. The changes in unrealised gains or losses are recorded under "Net Change in Unrealised Gain/(Loss) on Other Derivative Instruments" in the Combined Statement of Operations and Changes in Net Assets. When a contract is closed, the Realised Gain/(Loss) is recorded under "Net Realised Gain/(Loss) on Other Derivative Instruments" in the Combined Statement of Operations and Changes in Net Assets.

i) Interest Rate Swap Contracts

An interest rate swap contract is a bilateral agreement in which each of the parties agree to exchange a series of interest payments (usually fixed/floating) based on a notional amount that serves as a computation basis and that is usually not exchanged.

The market values are recorded under "Other Derivative Instruments at Market Value" in the Combined Statement of Net Assets. The interest on interest rate swap contracts are recorded under "Interest on Swap Transactions" in the Combined Statement of Operations and Changes in Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets under "Net Change in Unrealised Gain/(Loss) on Other Derivative Instruments". When a contract is closed, the realised gains or losses are recorded under "Net Realised Gain/(Loss) on Other Derivative Instruments" in the Combined Statement of Operations and Changes in Net Assets.

j) Credit Default Swaps

A Credit Default Swap is a credit derivative transaction in which two parties enter into an agreement, whereby one party pays the other a fixed periodic coupon for the specified life of the agreement. The other party makes no payments unless a credit event, relating to a predetermined reference asset, occurs. If such an event occurs, the party will then make a payment to the first party, and the swap will terminate. The value of the underlying securities shall be taken into account for the calculation of the investment restrictions applicable to individual issuers.

Notes to the Financial Statements (continued)

As at 31 December 2018

The market values are recorded under "Other Derivative Instruments at Market Value" in the Combined Statement of Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets under "Net Change in Unrealised Gain/(Loss) on Other Derivative Instruments". When a contract is closed, the realised gains or losses are recorded under "Net Realised Gain/(Loss) on Other Derivative Instruments" in the Combined Statement of Operations and Changes in Net Assets.

3. Fees and Expenses

a) Charging Structures and Capped Expense Ratio

P Share Classes are subject to an additional fee charged and collected by J.P. Morgan International Bank Limited.

Unless stated otherwise in the Sub-Fund specific details, X Share Classes are designed to accommodate an alternative charging structure whereby a fee for the management of the Sub-Fund is administratively levied and collected by the Management Company or through the relevant JPMorgan Chase and Co. entity directly from the Shareholder. The Management and Advisory Fee for X Share Classes is therefore listed as "Nil" in the Fees and Expenses tables in the Prospectus.

Any exceptions to the charging structures detailed above are noted in the Prospectus.

The maximum total fees and expenses to be borne by shareholders on the Share Class of any Sub-Fund will not exceed a capped percentage of the total net assets attributable to that Share Class. These capped fees and expenses comprise Management and Advisory Fees, Distribution Fees and other Operating and Administrative Expenses; it does not cover performance fees, if any.

No other costs are charged to these Share Classes and the Management Company absorbs any difference that may arise between the actual costs of the operations of these Share Classes and the capped percentage.

This capped annual rate of fees and expenses is categorised as a Capped Expense Ratio as shown in the Appendix.

b) Management and Advisory Fees

The SICAV pays to the Management Company a management fee calculated as a percentage of the average daily net assets of each Sub-Fund or Share Class under its management ("Management and Advisory Fees"). The Management and Advisory Fees are accrued daily and payable monthly in arrears at a maximum rate as specified in the Prospectus. The Management Company may at its absolute discretion and from time to time (which in certain circumstances may be daily), decide to vary such rate between the maximum and 0.0%

The maximum Management and Advisory Fee that can be charged on P Share Classes is stated in the Prospectus. However, the actual Management and Advisory Fee charged may be lower as J.P. Morgan International Bank Limited will also charge and collect a separate and additional fee from their clients.

Charges for the management of the Sub-Funds in respect of the X Share Classes of the Sub-Funds are administratively levied and collected by the Management Company or the appropriate JPMorgan Chase & Co. entity directly from the Shareholder.

Sub-Funds may invest in UCITS, other UCIs and closed ended investment undertakings qualifying as transferable securities within the meaning of UCITS rules (including investment trusts) (the "Undertakings") managed by the Management Company, the Investment Managers or any other member of JPMorgan Chase & Co. In accordance with the Prospectus, no double charging of fees will occur with the exception of performance fees. The avoidance of a double-charge of the Management and Advisory Fee on such assets is achieved by either a) excluding the assets from the net assets on which the Management and Advisory Fee are calculated; or b) investing in Undertakings via share classes that do not accrue a Management and Advisory Fee or other equivalent fees payable to the relevant Investment Manager's group; or 0; the Management and Advisory Fee being netted off by a rebate to the SICAV or Sub-Fund of the Management and Advisory Fee (or equivalent) charged to the underlying Undertakings; or d) charging only the difference between the Management and Advisory Fee (or equivalent) charged to the Undertakings.

Where a Sub-Fund invests in Undertakings managed by investment managers which are not members of JPMorgan Chase & Co. group, the Management and Advisory Fee, as specified in the Prospectus, may be charged regardless of any fees reflected in the price of the shares or units of the Undertakings.

c) Operating and Administrative Expenses

The SICAV bears all its ordinary operating and administrative expenses at the rates set out in the Prospectus ("Operating and Administrative Expenses") to meet all fixed and variable costs, charges, fees, and other expenses incurred in the operation and administration of the SICAV from time to time. The Operating and Administrative Expenses are capped for each Share Class at the maximum rate set out in the Prospectus. The Management Company will bear any Operating and Administrative Expenses which exceed the maximum rate specified in the Prospectus. At its discretion, the Management Company may on a temporary basis meet the Direct and/or Indirect Fund Expenses on a Sub-Fund's behalf and/or waive all or part of the Fund Servicing Fee.

The Operating and Administrative Expenses are calculated as a percentage of the average daily net assets of each Sub-Fund or Share Class. They are accrued daily and payable monthly in arrears and will not exceed the maximum rate as specified in the relevant section of the Prospectus.

The Operating and Administrative Expenses cover:

(i) A "Fund Servicing Fee" paid to the Management Company for the services that the Management Company provides to the SICAV. The Fund Servicing Fee will be reviewed annually and will not exceed 0.15% per annum.

(ii) Expenses directly contracted by the SICAV ("Direct Fund Expenses") and expenses directly contracted by the Management Company on behalf of the SICAV ("Indirect Fund Expenses") as detailed in the Prospectus.

Operating and Administrative Expenses do not include Transaction Fees and Extraordinary Expenses.

The SICAV's formation expenses and the expenses relating to the creation of new Sub-Funds may be capitalised and amortised over a period not exceeding five years, as permitted by Luxembourg law.

d) Performance Fees

Pursuant to the Investment Management Agreement, as set out in the Prospectus, the Investment Manager is entitled to receive from the net assets of certain Sub-Funds or Share Classes, an annual performance-based incentive fee (the "Performance Fee") if the performance of the Sub-Fund exceeds the return from the benchmark, subject to the operation of a Claw-Back Mechanism or of a High Water Mark as defined in the Prospectus and as specified in the Prospectus for each Sub-Fund. On each Valuation Day, an accrual for the previous Valuation Day's Performance Fee is made, when appropriate, and the performance fee accrual, if any, becomes payable to the Management Company on the last Dealing Day of the Financial Year, or under any of the following circumstances: on very significant orders for switching or redemption (applies to those Shares only) and when a Sub-Fund is merged or liquidated. Pursuant to the provisions of the relevant Investment Management Agreement, the Investment Manager may be entitled to receive the performance Fee from the Management Company.

Notes to the Financial Statements (continued)

As at 31 December 2018

On each Valuation Day, the net asset value of each Share Class of each Sub-Fund for which a Performance Fee applies, which includes an accrual for all fees and expenses (including the Management and Advisory Fee, and the Operating and Administrative Expenses to be borne by the relevant Share Class at the rate set out in the Prospectus), is adjusted for any dividend distributions and for subscriptions and redemptions dealt with on that Valuation Day, if any, and any Performance Fee accrued through that day in respect of such Share Class is added back (the "Adjusted net asset value"). For purposes of calculating the Performance Fee, the "Share Class Return" is computed on each Valuation Day, as the difference between the net asset value (adjusted by adding back any accrued Performance Fee) on such day and the Adjusted net asset value on the previous Valuation Day, expressed as a return based on the previous Valuation Day's Adjusted net asset value for that Share Class.

Sub-Funds may invest in UCITS and other UCIs managed by the Management Company, the Investment Managers or any other member of JPMorgan Chase & Co. No double-charging of Performance Fees will occur. The avoidance of a double-charge of the Performance Fee is achieved by either a) where a Sub-Fund invests in such UCITS and other UCIs, and these UCITS or UCIs charge performance fees, the Sub-Fund will not charge Performance Fee or b) where a Sub-Fund charges a Performance Fee, it will not invest in UCITS and/or UCIs that charge performance fees.

Claw-Back mechanism

The purpose of the Claw-Back Mechanism is to ensure that the Management Company will only become entitled to a Performance Fee when it outperforms the cumulative Benchmark Return (as defined in the Prospectus) accrued since the last Valuation Day of the last year in which a Performance Fee was paid.

High Water Mark Method

If the Share Class Return exceeds the Benchmark Return and the cumulative Share Class Return exceeds the High Water Mark Return (as set out in the Prospectus), the Performance Fee accrual is increased by the Performance Fee Rate multiplied by the Excess Return multiplied by the previous Valuation Day's Adjusted net asset value for that Class. If the Share Class Return does not exceed the Benchmark Return, the Performance Fee accrual is reduced (but not below zero) by the Performance Fee Rate multiplied by the negative Excess Return multiplied by the previous Valuation Day's Adjusted net asset value for that Class. Following a period of negative Excess Return whereby the Performance Fee accrual has been reduced to zero, no new Performance Fee is accrued until such time as the cumulative Share Class Return exceeds the greater of the High Water Mark Return and the cumulative Benchmark Return since the beginning of the SICAV accounting year. The Performance Fee accrued on any Valuation Day is reflected in the Net Asset Value per Share on the basis of which subscriptions and redemptions may be accepted.

No performance fees were charged during the year under review.

e) Distribution Fees

The SICAV pays to the Management Company a distribution fee (the "Distribution Fee") in respect of D, F and T Share Classes. The Distribution Fee rate payable for each Share Class is stated in the Prospectus. The Management Company may at its absolute discretion and from time to time (which in certain circumstances may be daily) decide to vary such rate between the maximum and 0.0%. The Management Company may pay all or part of the Distribution Fee to certain Distributors for the services provided by them in relation to the distribution of the D, F and T Share Classes.

4. Dividend Policy

Share Classes suffixed "(acc)"

Share Classes with the suffix "(acc)" are accumulation Share Classes and will not normally pay dividends.

Share Classes suffixed "(dist)"

It is intended that all those Share Classes with the suffix "(dist)" will, if appropriate, pay reportable income annually and will have "UK Reporting Fund Status".

Share Classes suffixed "(div)"

Share Classes with the suffix "(div)" will normally pay quarterly dividends which are calculated by the Management Company based on the estimated annual yield of the relevant Sub-Fund's portfolio which is attributable to that Share Class. The Management Company will review the dividend rate for each Share Class at least semi-annually, but may adjust the dividend rate more frequently to reflect changes in the portfolio's expected yield.

Investors should be aware that "(div)" Share Classes give priority to dividends, rather than to capital growth. The expected yield for each Share Class will be calculated gross of both the Management and Advisory Fee and the Operating and Administrative Expenses, and such Share Classes will typically distribute more than the income received. Share Classes with the suffix "(div)" in issue at the dividend record date will be eligible for any dividends which will normally be paid in the currency of the relevant Share Class.

Share Classes suffixed "(mth)"

Share Classes with the suffix "(mth)" will be available to Shareholders subscribing, and remaining subscribed, through specific Asian distribution networks and to other distributors at the sole discretion of the Management Company. Share classes with the suffix "(mth)" will normally pay dividends on a monthly basis. The monthly dividend rate per Share will be calculated by the Management Company based on the estimated annual yield of the relevant Sub-Fund's portfolio which is attributable to that Share Class. The Management Company will review the dividend rate for each Share Class at least semi-annually, but may adjust the dividend rate more frequently to reflect changes in the portfolio's expected yield. Investors should be aware that "(mth)" Share Classes give priority to dividends, rather than to capital growth. The expected yield for each Share Class will be calculated gross of both the Management and Advisory Fee and the Operating and Administrative Expenses, and such Share Classes will typically distribute more than the income received. Dividend payments for these Share Classes will normally be made to Shareholders each month and will be paid in the currency of the relevant Share Class. The Management Company reserves the right to fix a minimum amount per Share Class, below which the actual payment of the dividend would not be economically efficient for the SICAV. These payments will be deferred to the following month or reinvested in further Shares of the same Share Class and not paid directly to the Shareholders. The net asset value of "(mth)" Share Classes may fluctuate more than other Share Classes due to more frequent distribution of income.

Share Classes suffixed "(fix)"

Share Classes with the suffix "(fix)" will normally pay a quarterly fixed dividend based on a total amount per Share per annum as defined in the Prospectus.

Share Classes with the suffix "(fix)" may be closed to further subscriptions, liquidated, not pay a dividend or reduce the dividend amount payable if the payment of the dividend is believed not to be in the best interests of all Shareholders collectively in the Share Class.

Share Classes suffixed "(irc)"

Share Classes with the suffix "(irc)" will normally pay dividends on a monthly basis. The monthly dividend rate per Share will be variable and will be calculated by the Management Company based on: the estimated gross annual yield of the relevant Sub-Fund's portfolio attributable to that Share Class, which is revised at least semi-annually; and the addition or deduction of the estimated interest rate carry depending on whether such carry is positive or negative respectively. The interest rate carry is calculated using the average daily differential of the one month FX forward rate and the spot rate between these two currencies of the preceding calendar month.

Notes to the Financial Statements (continued)

As at 31 December 2018

Other Information

Shareholders should note that, where the dividend rate is in excess of the investment income of the Share Class, dividends will be paid out of the capital attributed to the Share Class, as well as from realised and unrealised capital gains. This may be tax inefficient for Shareholders in certain countries. Shareholders should consult their local tax adviser about their own position. Share Classes with the suffix "(div)", "(fix)" and "(mth)" do not distribute the reportable income in accordance with the United Kingdom tax legislation relating to offshore funds.

During the year ended 31 December 2018, the SICAV paid dividends as follows:

Dividend				****	Dividend

 $[\]ensuremath{^{\star}}$ Share Class reactivated during the year.

Notes to the Financial Statements (continued)

As at 31 December 2018

5. Taxation

The SICAV is not subject to taxation in Luxembourg on its income, profits or gains. The SICAV is not subject to net wealth tax in Luxembourg. The only tax to which the SICAV in Luxembourg is subject is the subscription tax ("taxe d'abonnement") up to a rate of 0.05% per annum based on the net asset value attributed to each Share Class at the end of the relevant quarter, calculated and paid quarterly. A reduced tax rate of 0.01% per annum of the net assets will be applicable to Share Classes as identified in the Appendix. The 0.01% and 0.05% rates described above, as appropriate, are not applicable for the portion of the assets of the SICAV invested in other Luxembourg collective investment undertakings which are themselves already subject to the taxe d'abonnement.

No stamp duty, capital duty or other tax is payable in Luxembourg upon the issue of the Shares of the SICAV. No tax is payable on realised capital appreciation of the assets of the SICAV in the Grand Duchy of Luxembourg. Although the SICAV's realised capital gains, whether short or long-term, are not expected to become taxable in another country, the shareholders must be aware and recognise that such a possibility is not totally excluded. The regular income of the SICAV from some of its securities, as well as interest earned on cash deposits in certain countries, may be subject to withholding taxes at varying rates, which normally cannot be recovered.

Following case law precedent within Europe, the SICAV has instigated proceedings to reclaim tax withheld by certain Member States of the European Union on dividend payments it has received. The decision to initiate proceedings against any particular Member State is the result of an analysis of the likely costs and potential benefits of doing so and the likelihood of successfully reclaiming such amounts together with the estimated time to complete proceedings varies across Member States. Any costs associated with this decision have been charged to the relevant Sub-Funds and have been included within total costs for the purposes of determining the relevant expense cap or TER and no amount has been recorded in the SICAV for any possible amounts to be received under this action.

6. Statement of Changes in Investments

A list, specifying for each investment within each Sub-Fund the total purchases and sales which occurred during the financial year, may be obtained free of charge upon request at the registered office of the SICAV. Additional information on investments within each Sub-Fund's portfolio is available to shareholders at the registered office of the SICAV.

7. Value of Financial Instruments and Associated Risks

The SICAV entered into forward currency exchange contracts, financial futures contracts, options and swaps which, to varying degrees, represent a market risk in excess of the amount reflected on the Combined Statement of Net Assets. The amount of the contracts represents the extent of the SICAV's participation in these financial instruments. Market risks associated with such contracts arise due to the possible movements in foreign exchange rates, indices, and security values underlying these instruments. Other market and credit risks include the possibility that there may be an illiquid market for the contracts, that a change in the value of the value of the value of the underlying currencies, indices, or securities, or that the counterparty to a contract defaults on its obligation to perform under the terms of the contract.

8. Collateral received with respect to Financial Techniques and Financial Derivative Instruments

Assets received from counterparties in securities lending activities and OTC derivative transactions other than currency forwards constitute collateral.

The SICAV will only enter into transactions with counterparties which the Management Company believes to be creditworthy. Approved counterparties will typically have a public rating of A- or above. Counterparties will comply with prudential rules considered by the CSSF as equivalent to EU prudential rules. The counterparty does not have discretion over the composition or management of a Sub-Fund's portfolio or over the underlying of financial derivative instruments used by a Sub-Fund. Counterparty approval is not required in relation to any investment decision made by a Sub-Fund.

Collateral may be offset against gross counterparty exposure provided it meets a range of standards, including those for liquidity, valuation, issuer credit quality, correlation and diversification. In offsetting collateral its value is reduced by a percentage (a "haircut") which provides, inter alia, for short term fluctuations in the value of the exposure and of the collateral. Collateral levels are maintained to ensure that net counterparty exposure does not exceed the limits per counterparty as set out in the Prospectus. If any, collateral is received in the form of securities and cash. Non-cash collateral received is not sold, reinvested or pledged.

Collateral received with respect to financial derivative instruments are shown in the Appendix.

9. Securities Lending

The SICAV may lend portions of its securities portfolio to third parties for the purpose of generating additional income or for reducing costs or risk, to the maximum extent allowed by and within the limits set forth in (i) article 11 of the Grand Ducal regulation of 8 February 2008 relating to certain definitions of the Luxembourg Law, (ii) CSSF Circular 08/356 relating to the rules applicable to undertakings for collective investments when they use certain techniques and instruments relating to transferable securities and money market instruments ("CSSF Circular 08/356") and (iii) any other applicable laws, regulations, circulars or CSSF positions.

A significant proportion of the income generated from the securities lending program is credited to participating Sub-Funds, with a portion of the income being paid to JPMorgan Chase Bank, N.A. for its role as securities lending agent for the SICAV. Borrowers of securities lent by participating Sub-Funds are approved by the Management Company after appropriate assessment of such borrowers' status and financial standing. The Management Company waives the incremental income previously received from the portion of income generated from the securities lending program; for its oversight of the program; hence, 85% of any incremental income earned from securities lending is accrued to the applicable Sub-Fund, whilst the remaining 15% income is paid to the securities lending agent which arranges the transaction. The income earned from the securities lending program is detailed in the Combined Statement of Operations and Changes in Net Assets.

As at 31 December 2018, the SICAV valuation of securities on loan is USD 617,486,453 as detailed below and received collateral with a market value of USD 637,060,262.

	Market Value of Securities on Loan	Cash Collateral**	Non Cash Collateral*	Base Currency	Lending Income (Gross)	Lending Agent Fee	Lending Income (Net)
Sub-Fund	USD	USD	USD		Base Currency	Base Currency	Base Currency

* The securities received as collateral are in the form of government se	curities (US-UK-Eur	ozone and other s	nvernment ceri	iritias) Thasa sar	iritiae ara icenadi	and guaranteed as	to principal and

^{*} The securities received as collateral are in the form of government securities (US, UK, Eurozone and other government securities). These securities are issued and guaranteed as to principal an interest by the governments of the relevant countries.

^{**} Cash collateral may be reinvested into Reverse Repurchase Transactions with high quality government bonds as collateral. Income earned is recorded under the "Securities Lending Income" in the Combined Statement of Operations and Changes in Net Assets.

Notes to the Financial Statements (continued)

As at 31 December 2018

10. Transactions with Connected Parties

All transactions with connected parties were carried out on an arm's length basis.

JPMorgan Chase & Co. and its affiliates are counterparties for all securities lending activity and for certain forward foreign exchange contracts, financial futures contracts and swaps contracts. The Management Company, Registrar and Transfer Agent, Domiciliary Agent and Global Distributor, Investment Managers, Custodian, Corporate and Administrative Agent and other related Agents of the SICAV are considered as connected parties as they are affiliated entities of JPMorgan Chase & Co. In addition Elvinger Hoss Prussen, société anonyme (of which Mr Jacques Elvinger who is on the Board of Directors of the SICAV, is a partner) is compensated for legal services to the SICAV.

The following is a summary of transactions entered into during the year between the SICAV and the Manager and its Connected Persons. Connected Persons of the Manager are those as defined in the Code on Unit Trusts and Mutual Funds established by the Securities & Futures Commission of Hong Kong. All such transactions were entered into in the ordinary course of business and on normal commercial terms.

Investment transactions with Connected Persons of the Manager

All the amounts are in Sub-Fund Currency.

Authorised Sub-Fund	Total purchases and sales	Currency of the Sub-Fund	Percentage of Sub-Fund's total transactions* for the year	Total brokerage commission paid	Average rate of commission paid
JPMorgan Investment Funds - Europe Select Equity Fund	109,867	EUR		88	0.08
JPMorgan Investment Funds - Global Dividend Fund	-	USD		-	-
JPMorgan Investment Funds - Global High Yield Bond Fund	2,200,950	USD	0.12		

^{*} Total transactions is the total value in Sub-Fund currency of purchases and sales dealt during the year to 31 December 2018.

11. Commission Sharing Arrangements

The Investment Managers may enter into commission sharing arrangements only where there is a direct and identifiable benefit to the clients of the Investment Managers, including the SICAV, and where the Investment Managers are satisfied that the transactions generating the shared commissions are made in good faith, in strict compliance with applicable regulatory requirements and in the best interests of the SICAV and the Shareholders. Any such arrangements must be made by the Investment Manager on terms commensurate with best market practice. Due to their local regulatory rights, certain Investment Managers may make use of soft commission to pay for research or execution services. Other jurisdictions may have other arrangements in place to pay for such services in accordance with local regulatory obligations.

12. Information for German Registered Shareholders

A list, specifying for each investment within each Sub-Fund the total purchases and sales which occurred during the financial year, may be obtained free of charge upon request at the registered office of the SICAV and at the office of the German paying and information agent, JPMorgan Asset Management (Europe) S.à r.l., Frankfurt Branch, Taunustor 1, D-60310, Frankfurt am Main, Germany. Additional information on investments within each Sub-Fund's portfolio is available to shareholders at the registered office of the SICAV and at the office of the German paying and information agent.

13. Information for Investors in Switzerland

Representative in Switzerland: JPMorgan Asset Management (Switzerland) LLC, Dreikönigstrasse 37, 8002 Zürich.

Paying Agent in Switzerland: J.P. Morgan (Suisse) SA, 8 Rue de la Confédération, 1204 Geneva.

The Prospectus, the Key Investor Information Documents, the articles of incorporation, the annual and semi-annual financial report as well as a list of the purchases and sales which the SICAV has undertaken during the financial year may be obtained free of charge from the representative.

14. Authorisation of Sub-Funds in Hong Kong

Certain Share Classes of the following Sub-Funds are authorised in Hong Kong and are available to Hong Kong residents:

- JPMorgan Investment Funds Europe Select Equity Fund:
- JPMorgan Investment Funds Global Dividend Fund;
- JPMorgan Investment Funds Global High Yield Bond Fund.

15. Directors' Fees

The only remuneration paid to Directors is an annual fee. This is waived by Mr Daniel Watkins and Mr Massimo Greco. The total Directors' fees for the year amounted to EUR 236,000 of which EUR 56,000 was due to the Chairman.

16. Transaction Costs

For the year ended 31 December 2018, the SICAV incurred transaction costs which have been defined as brokerage fees relating to purchase or sale of transferable securities, derivatives (except OTC derivatives) or other eligible assets. The SICAV also incurred transaction costs charged by the custodian agent and relating to purchase and sale of transferable securities as follows:

Sub-Fund	Base Currency	Custodian Transaction Costs and Brokerage Fees (in Base Currency)
JPMorgan Investment Funds - Europe Select Equity Fund	EUR	3,807,034
JPMorgan Investment Funds - Global Dividend Fund	USD	369,281
JPMorgan Investment Funds - Global High Yield Bond Fund	USD	51,814

For fixed income securities, transaction costs are not separately identifiable from the purchase price of the security and therefore cannot be disclosed separately.

^{*} Share Class inactive as at end of the year.

^{**} Share Class reactivated during the year.

⁺ Expense ratios are calculated uning the year.

**Expense ratios are calculated in accordance with the guidelines dated 16 May 2008 issued by the Swiss Funds & Asset Management Association. The Total Expense Ratio ("TER") represents the total operating costs as a percentage of the Fund's average daily net asset, The total operating cost on miscress investment management and advisory fees, custodiany/depositary (Fees, taxe of abonnement and other expenses, as summarised in the Combined Statement of Operations and Changes in Net Assets. Overdraft interest and Performance Fees are excluded from the calculation.

The capped expense ratios and total expense ratios for some Share Classes may have changed over the previous two years. All details concerning these changes have been disclosed in previous years' Financial Statements. All TER figures are annualised.

⁽a) These figures include Fee Waivers on Management and Advisory Fees or Operating and Administrative expenses, where applicable.
(b) These figures include Performance Fees, where applicable.

⁽c) These figures include i) Fee Waivers on Management and Advisory Fees or Operating and Administrative expenses and ii) Performance Fees, where applicable.

The capped expense ratios and total expense ratios for some Share Classes may have changed over the previous two years. All details concerning these changes have been disclosed in previous years' Financial Statements. All TER figures are annualised.

^{*} Share Class inactive as at end of the year.

^{***} Share Class closed as at the end of the year.

⁺ Expense ratios are calculated in accordance with the guidelines dated 16 May 2008 issued by the Swiss Funds & Asset Management Association. The Total Expense Ratio ("TER") represents the total operating costs as a percentage of the Fund's average daily net assets. The total operating cost comprises investment management and advisory fees, custodiany/depositary fees, taxe d'abonnement and other expenses, as summarised in the Combined Statement of Operations and Changes in Net Assets. Overdaff interest and Performance Fees are excluded from the calculations.

⁽a) These figures include Fee Waivers on Management and Advisory Fees or Operating and Administrative expenses, where applicable.
(b) These figures include Performance Fees, where applicable.

⁽c) These figures include i) Fee Waivers on Management and Advisory Fees or Operating and Administrative expenses and ii) Performance Fees, where applicable.

Appendix - Unaudited Additional Disclosures (continued)

2. Summary of Investment Objectives of the Sub-Funds

JPMorgan Investment Funds - Europe Select Equity Fund

To achieve a return in excess of the European equity markets by investing primarily in European companies.

JPMorgan Investment Funds - Global Dividend Fund

To provide long-term capital growth by investing primarily in companies, globally, that generate high and rising income.

JPMorgan Investment Funds - Global High Yield Bond Fund

To achieve a return in excess of global bond markets by investing primarily in global below investment grade corporate debt securities, using financial derivative instruments where appropriate.

Appendix - Unaudited Additional Disclosures (continued)

3. Performance and Volatility

Performance

Returns for periods greater than one year are annualised. SICAV performance includes reinvestment of income and is net of all expenses.

Past performance is no indication of current or future performance.

The performance data does not take into account the commissions and costs incurred on the issue and redemption of units.

Volatility

The standard deviation (D) of the price is calculated on a daily basis throughout each SICAV's financial year.

The details below relate to the year ended 31 December 2018.

If D is equal to or less than 0.1 then volatility will be Low.

If D is greater than 0.1 but less than or equal to 1.0 then volatility will be Medium.

If D is greater than 1.0 but less than or equal to 2.4 then volatility will be High.

If D is greater than 2.4 then volatility will be Very High.

4. Interest Rate Received/(Charged) on Bank Accounts

Basis for Bank Interest Rates

The rates are based on the JPMorgan Chase Treasury rates and consequently may change on a daily basis. The bank interest amount is posted to each of the SICAV's bank accounts on a monthly basis on the first business day of the subsequent month based on the bank balances from the prior month.

5. Sub-Fund Share Classes Subject to Taxe d'Abonnement Rate of 0.01%

The following Sub-Fund Share Classes are subject to an asset based tax of 0.01% per annum:

6. Portfolio Turnover Ratio

The Portfolio Turnover Ratio is an indicator of the relevance of the additional costs incurred by a fund when buying and selling investments according to its investment policy. The Portfolio Turnover Ratio is calculated in accordance with the CSSF Circular 03/122 as outlined below:

(Total securities' purchases and sales - total subscriptions and redemptions of Sub-Fund shares)

Average net Sub-Fund assets in Sub-Fund currency

The Portfolio Turnover Ratio is expressed as a percentage and in the case the outcome of the calculation is negative, a zero value has been published.

8. Securities Financing Transactions

The SICAV engages in Securities Financing Transactions (as defined in Article 3 of Regulation (EU) 2015/2365, Securities Financing Transactions include repurchase transactions, securities or commodities lending and securities or commodities borrowing, buy-sell back transactions or sell-buy back transactions and margin lending transactions) through its exposure on securities lending transactions during the year. In accordance with Article 13 of the Regulation, the information on securities lending transactions are detailed below.

Collaterals received or granted with respect to Securities Financing Transactions are disclosed on a trade date basis of accounting.

Global Data

Amount of securities on loan

The total value of securities on loan as a proportion of the Sub-Funds' total lendable assets as at the reporting date is detailed below. Total lendable assets represents the aggregate value of asset types forming part of the Sub-Funds' securities lending programme.

Sub-Fund	% of Total Lendable Assets
JPMorgan Investment Funds - Europe Select Equity Fund	1.00
JPMorgan Investment Funds - Global Dividend Fund	2.04
JPMorgan Investment Funds - Global High Yield Bond Fund	8.65

Amount of assets engaged in securities lending transactions

The following table represents the total value of assets engaged in securities lending as at the reporting date.

Sub-Fund	Sub-Fund Currency	Market Value of Securities on Loan (in Sub-Fund Currency)	% of AUM
JPMorgan Investment Funds - Europe Select Equity Fund	EUR	8,440,840	0.98
JPMorgan Investment Funds - Global Dividend Fund	USD	3,404,084	1.95
JPMorgan Investment Funds - Global High Yield Bond Fund	USD	454,628,590	8.59

Concentration Data

Ten largest collateral issuers

The following table lists the ten largest issuers by value of non-cash collaterals received by the Sub-Funds across securities lending as at the reporting date:

JPMorgan investment Funds - Europe Select Equity Fund	
	Non-Cash Collateral Value
Issuer	EUR
Japan Government	8,889,309

JPMorgan investment Funds - Global Dividend Fund	
Issuer	Non-Cash Collateral Value USD
Japan Government	1,389,565
UK Treasury	368,384
US Treasury	39,677
France Government	36,356
Belgium Government	8,233
Austria Government	6,498
Netherlands Government	2,176
Germany Government	1,980
Finland Government	668

JPMorgan Investment Funds -	Global High Vield Bond Fund

	Non-Cash Collateral Value USD

	8,889,309	3,557,333	465,103,100

Currency of collateral

The following table provides currency of cash and non-cash collaterals received in relation to securities lending transactions as at the reporting date.

	_	Collateral Value (in Sub-Fund Currency)					
Sub-Fund Sub-Fund	Sub-Fund Currency	EUR	GBP	USD	JPY	CAD	Total
JPMorgan Investment Funds - Europe Select Equity Fund	EUR	-		-	8,889,309	-	8,889,309
JPMorgan Investment Funds - Global Dividend Fund	USD	184,470	212,789	1,770,509	1,389,565	-	3,557,333
JPMorgan Investment Funds - Global High Yield Bond Fund	USD	173,623	160,914	464,768,563	-		465,103,100

Maturity tenor of securities lending agreements

The SICAV's securities lending transactions have open maturity.

Country in which counterparties are established

JPMorgan Chase Bank, N.A. was incorporated in United States of America.

Settlement and clearing

All Sub-Funds engaged in securities lending agreements utilise bi-lateral settlement and clearing with their respective counterparty.

Reuse of collateral

Share of collateral received that is reused and reinvestment return

Non-cash collateral received by way of title transfer collateral arrangement in relation to securities lending transactions, reverse repurchase agreements and OTC derivative transactions, cannot be sold, reinvested or pledged.

Securities lending transactions

As at the year end, all of the cash collateral received in respect of securities lending was re-invested into Reverse Repurchase Transactions with high quality government bonds as collateral. This is managed by the Securities Lending Agent based solely on the approved guidelines and agreement issued by JPMorgan Asset Management (Europe) S.à r.l..

Income earned by the SICAV from the reinvestment of cash collateral in the form of Reverse Repurchase Transactions, net of any interest payable to the relevant counterparty, amounted to USD 208,570 for the year ended 31 December 2018 and is recorded under the "Securities Lending Income" in the Combined Statement of Operations and Changes in Net Assets.

Details relating to the permitted reuse of cash collateral are disclosed in the latest Prospectus available from http://www.jpmorganassetmanagement.lu.

Safekeeping of Collateral

Collateral received

The following tables provide an analysis of collateral received held at each custodian as at the reporting date:

Securities lending transactions

Sub-Fund	Custodian	Sub-Fund Currency	Collateral Value (in Sub-Fund Currency)
JPMorgan Investment Funds - Europe Select Equity Fund	JPMorgan Bank Luxembourg S.A.	EUR	8,889,309
JPMorgan Investment Funds - Global Dividend Fund	JPMorgan Bank Luxembourg S.A.	USD	3,557,333
JPMorgan Investment Funds - Global High Yield Bond Fund	JPMorgan Bank Luxembourg S.A.	USD	465,103,100

Collateral granted

As at the reporting date, there was no collateral granted with respect to securities lending transactions.

Return and cost

The total income earned from securities lending transactions is split between the relevant Sub-Funds and the securities lending agent. Detail of this split is disclosed in Note 9 to the financial statements.

Appendix - Unaudited Additional Disclosures (continued)

9. UCITS Remuneration Disclosures

JPMorgan Asset Management (Europe) S.à r.l. (the "Management Company") is the authorised manager of JPMorgan Investment Funds (the "Company") and is part of the J.P. Morgan Chase & Co. group of companies. In this section, the terms "J.P. Morgan" or "Firm" refer to that group, and each of the entities in that group (lobally, unless otherwise specified.

This section of the annual report has been prepared in accordance with the Undertakings for Collective Investment in Transferable Securities (the "UCITS Directive") and the 'Guidelines on sound remuneration policies' issued by the European Securities and Markets Authority under the UCITS Directive. The information in this section is in respect of the most recent complete remuneration period ("Performance Year") as at the reporting date.

Remuneration Policy

A summary of the Remuneration Policy applying to the Management Company (the "Remuneration Policy Statement") can be found at http://www.jpmorganassetmanagement.lu/legal/emea-remuneration-policy. This Remuneration Policy Statement includes details of how remuneration and benefits are calculated, including the financial and non-financial criteria used to evaluate performance, the responsibilities and composition of the Firm's Compensation and Management Development Committee, and the measures adopted to avoid or manage conflicts of interest. A copy of this policy can be requested free of charge from the Management Company.

The Remuneration Policy applies to all employees of the Management Company, including individuals whose professional activities may have a material impact on the risk profile of the Management Company or the UCITS Funds it manages ("UCITS Identified Staff"). The UCITS Identified Staff include members of the Board of the Management Company (the "Board"), senior management, the heads of relevant Control Functions, and holders of other key functions. Individuals are notified of their identification and the implications of this status on at least an annual basis.

The Board reviews and adopts the Remuneration Policy on an annual basis, and oversees its implementation, including the classification of UCITS Identified Staff. The Board last reviewed and adopted the Remuneration Policy that applied to the 2018 Performance Year in June 2018 with no material changes and was satisfied with its implementation.

Ouantitative Disclosures

The table below provides an overview of the aggregate total remuneration paid to staff of the Management Company in respect of the 2018 Performance Year and the number of beneficiaries.

Due to the Firm's operational structure, the information needed to provide a further breakdown of remuneration attributable to the Company is not readily available and would not be relevant or reliable. However, for context, the Management Company manages 3 Alternative Investment Funds (with 8 Sub-Funds) and 7 UCITS (with 161 Sub-Funds) as at 31 December 2018, with a combined AUM as at that date of USD 2,121m and USD 316,230m respectively.

	Fixed remuneration	Variable remuneration	Total remuneration	Number of beneficiaries
All staff (USD '000s)	45,003	22,256	67,259	331

The aggregate total remuneration paid to UCITS Identified Staff in respect of the 2018 Performance Year was USD 130,876k, of which USD 9,240k relates to Senior Management and USD 121.636k relates to other UCITS Identified Staff^{III}.

⁽¹⁾ Since 2017, the UCITS Identified Staff disclosures includes employees of companies to which portfolio management has been formally delegated, in line with the latest ESMA guidance.
